Annual fun night promises to be a family affair

This Friday night may just be the funniest Fun Night that Haliburton Minor Hockey has ever hosted.

Organizers for the third annual Fun Night have planned an evening of entertainment that will please both the participants and the spectators.

Beginning at 7 p.m. the Haliburton Tykes will take to the ice in a fast paced hockey game with three action-packed 10-minute periods.

When the Tykes leave the ice everyone will have their last chance of the season to don their blades and make a few laps around the arena. Public skating will be held for 45 minutes.

Fun Night's famous races will then get underway with the five year-olds lining up at the starting line first. Kids up to 16 will have the chance to show the best of their skating abilities in the race categories.

Then the coaches and parents will be strutting their talents in the OMHA and Tri-County sponsored relay races. Each team has two men and women to represent their team in the relay race. "That's usually a fun one," organizer Grant Rae said Monday.

The chuck wagon race is the next entertaining event on the agenda. One rider mounts a specially built sleigh while six team members pull him around the arena at the end of a 40 foot rope.

In this timed race it can be quite an adventure for the rider who "might end upside down but still hanging on," Rae said.

Organizers are hoping three teams can be put together to participate in the hilarious race.

After everyone stops laughing from the last event the mystery Grand Finale will bring all those smiles back to the spectators' faces.

This year the teachers from Haliburton Highlands Senior Elementary School have challenged the teachers from the high school to a competition that will surpass all the competitions ever held on previous fun nights.

Funds raised at fun night will go to help out minor hockey in its season next winter but the fun everyone has will probably go beyond the money that is raised, Rae said.

"It's like an old-fashioned carnival," he added.

So come out to Fun Night, beginning at 7 p.m.: at the Dysart et al arena and have some good old-fashioned fun.

Grant Rae, centre, was fighting hard to keep Gerald Irish representing the elementary school teachers, right, and Dale Robinson, from the high school separated until their mystery challenge race happens this Friday at the Dysart et al arena.

Free under Woodlands Improvement Act

MNR to plant 158,000 trees

Up to 158,000 trees will be planted on private land in Haliburton County this spring by staff of the Ministry of Natural Resources' Minden District office.

Scheduled to begin April 21 and continue for about 10 days, the planting is being carried out under the Woodlands Improvement Act.

Some 17 properties are involved in this year's program, according to Dave Leader, private land technician for the Minden district. Bulk of the trees will be red pines, Leader said, although up to 25,000 white spruce and an equal number of tamaracks are also slated for planting.

Planting on lands covered by the Woodlands Improvement Act has averaged about 160,000 trees a year in the Minden district, Leader said in an interview Tuesday, but numbers are expected to fall over the next few years because of a lack of suitable land and a shift in priority by the ministry, which intends to direct more of its efforts and funds toward improving the 95 per cent of the land in Haliburton County which is already forested.

Applications will still be entertained from private land

owners who want to take part in the reforestation program, however, Leader said.

Any land owner with at least five acres of open land is eligible to apply for a management agreement with the ministry under the Woodlands Improvement Act, Leader said. Life of the agreement is 15 years. Under it, the ministry agrees to plant commercially valuable trees, while the landowner assumes responsibility to keep livestock and snowmobiles off the land, and to deal with insects and diseases which may attack the trees.

The program is directed primarily at revitalizing vacant agricultural land, and topography is taken into consideration, since the ministry tries to use mechanical planters as much as possible. Some 40 per cent of this year's planting is expected to be done mechanically, Leader said, while the remaining 60 per cent will be carried out by seasonal crews hired for the job.

People who wish to plant trees themselves can take advantage of another ministry program which makes nursery stock available at low

cost to individuals with at least five acres suitable for replanting. Ministry staff will consult aerial photographs of a proposed planting site and recommend the type of trees most suitable for the terrain and soil conditions. Cost of the trees is \$10 per order plus .25 cents per tree. (An order of 1000 trees would cost \$35).

Depending on availability, trees can be obtained within three months of application, Leader said, but six months

Rotary clubs set \$3100 goal for Easter Seals

Rotary clubs in Haliburton County should raise approximately \$3,100 for the Easter Seals Society if the public responds to the annual mailing campaign.

Bill Emmerson, chairman of the Haliburton Rotary campaign, said the club is hoping to raise \$1,800 this year, up from last year's objective of \$1,500. In Minden, chairman Jerry Rome

said the club has not set a goal but is hoping it will raise more than last year's total of \$1,300.

In both communities the campaigns will be getting a boost from Imperial Oil which has arranged with two local dealers to split a two cent donation per litre of gas sold on Saturday, April 11.

One cent per litre sold will be donated by the participating dealer for local use while the corporation's one

Cont'd. page 2

Committee now set to interview director hopefuls

A committee selected to consider a recreation director for Dysart et al has come up with a short list of nine potential directors, and will begin interviewing the candidates this Sunday and Monday.

More than 30 applications for the position were received from across the province.

Once interviews are completed, the committee will recommend to council whether or not to proceed with hiring a director.

According to reeve Murray Fearrey, the committee hopes to find out in the course of the interviews how large a program might be necessary, how many support staff might have to be hired, and how much a recreation program would cost.

Once those facts have been determined, council will have to decide if it is willing to commit the necessary funds. If it decides in favour of the recreation director concept, one of the nine candidates will probably be hired later this month.

Fewer multi party lines envisaged

Bell to spend \$8 million to better local service

Bell Canada is spending approximately eight million dollars to upgrade service in the Haliburton Highlands area, the area manager said Monday.

The engineering and construction branch is in the midst of improving service to exchanges in Carnarvon, Gooderham, Kilmount, Minden, West Guilford, Haliburton Village and Cobocok.

When the service improvement program is completed in September of this year, residents in rural areas will have no more than four parties on a line and semi-private and private lines will be available in areas where they never were before, Bill Stephenson said.

In some rural areas where up to 10 customers have been connected to a single party line, the new service will be a welcome relief.

The program, dubbed Non-Urban Service Improvement, has been underway in both Ontario and Quebec since 1976, Stephenson said.

Stephenson said the rates to people on the party system will not increase because of the improvements but some customers in built-up areas might get a break on their telephone bills.

In areas which have 25 dwellings in close proximity (about a square kilometre) customers will no longer have to pay the mileage rate to the nearest town for private and two-party lines, Stephenson said. Areas such as South Lake and Horseshoe Lake, several areas in Cobocok and one built-up area in West Guilford will no longer have to pay the mileage when this program comes into effect, Stephenson said.

The major cost for the program is the re-cabling which is being carried out throughout the area under improve-

ment, Stephenson said. "It's a pretty significant cost," he said.

The new cables are expected to improve service since they are less likely to break down and will also make it easier for Bell Canada to monitor the lines for problems, Stephenson said.

Under the new program, Bell Canada has been extending service into areas where no telephones were available before, Stephenson said. This aspect of the program affects

mainly cottage areas where telephone service has not been a necessity.

In the next four to five years, Bell Canada is also proposing to increase its service to these areas. On the drawing board for proposed service are areas around Solerno, Miskwabi, Neguani and Redstone Lakes, Stephenson said.

"We have a rather extensive proposed program," Stephenson said.

Minden set to clamp down on tax arrears

Residents in Anson, Hindon and Minden who have let their taxes fall behind may be facing municipal registration of their properties if they don't pay on the next notice.

Council has instructed clerk-treasurer Elinor Burke to go ahead with registration proceedings on properties that are eligible, the clerk said Monday.

Properties which are eligible for registration to the township, under the Ontario Municipal Act, are improved lots with buildings or used for agricultural purposes which have not had taxes paid within the past three years and unimproved vacant land when the owners have not paid taxes within the past two years.

Presently the municipality has \$90,616 in outstanding taxes on properties which are eligible for municipal registration, the clerk said.

Although the amount is substantial, it is not out-of-line considering the township levies approximately a million dollars a year, including

education and county taxes, Burke said.

"It's not unusual," she said.

Beginning in April, the office staff will send notices to residents who have not paid their taxes but Burke said there are about "half a dozen" delicate cases that

Cont'd. page 2

Recent rains prove a help to lake levels

Substantial rainfall coupled with warm temperatures that have melted most of the snow cover have eased concerns about low lake levels for Trent Severn waterway officials.

Bruce Kitchen, water control engineer for the system, said in an interview Tuesday that up to a week ago, levels were below normal and it appeared there might be problems getting lakes up to capacity before the summer

Cont'd. page 2

Council, road workers reach 1981 agreement

Haliburton County council and its road workers have reached an agreement on a 1981 contract.

The agreement came last Monday with the aid of a councillor appointed by the province after talks between the county and the Canadian Union of Public Employees had broken down. It matches an agreement worked out earlier this year between Dysart et al and its road workers, who are also members of CUPE.

The workers will receive an across the board increase of

70 cents an hour retroactive to January 1. A further 20 cents an hour increase will take effect June 1. The settlement will bring the salary range for road workers to between \$6.10 and \$7.55 by June 1.

Other concessions include an additional "float" day holiday and work week of 44 hours, one hour shorter than called for in the 1980 contract.

The agreement has been accepted by the road workers, and is expected to be ratified by county council at its meeting April 15.

St. Peter's church in Maple Lake has received a beautiful new carpet as part of a legacy left to the church. In a will Janet Dawson, wife of the late Garnet Dawson, requested that money be left to the church for improvements. The original ground the church stands

on was part of the R. Dawson homestead in Maple Lake. The committee for selecting the carpet had a lot of help from many of the other church members. Here Isobelle Gibbs, left, May Hodgson and Iris Adamson appraise the new carpet which was laid two weeks ago.

Provincial semi final decided by fourth game

by Sue Cooper

The Haliburton Pee Wees lost at home last Thursday night, ending their bid to win the all Ontario semi-finals. In the fourth game of the best of five series, Haliburton lost to Ennismore 5-2. Earlier in the week Haliburton dropped a costly game to Ennismore, 9-4.

In Tuesday's game at Ennismore, the home team was playing on key from the very beginning of the game. At 12:56 Ennismore put the first marker on the scoreboard and

then gave it some accompaniment only 10 seconds later on another well-placed shot.

Haliburton got a chance to retaliate at 7:34 as Mike Blake scored unassisted.

But Ennismore wanted to please its home town crowd and in another strong play in Haliburton's end, they chalked up another point at 4:55. Haliburton just couldn't keep up to the Ennismore boys as they came up with an unassisted goal with one man sitting idle in the penalty box.

In the second period it looked like Haliburton might

be picking up some much needed enthusiasm as Blake scored unassisted while both teams had boys serving penalties in the box.

The teams kept the play moving back and forth but couldn't manage to get a goal until Ennismore took full advantage of its power play and scored at 4:34.

Haliburton bounced back from the goal and scored one of its own at 2:25 to knock the home team down a notch. Kent Bannister made the point with the help of Tran LaRue.

Ennismore got the last word in for the period as they scored again with only 41 seconds remaining.

Haliburton's tough stand in the second period dwindled off in the third as Ennismore racked up three more goals and Haliburton only managed to get one.

At 13:56 Ennismore scored and then held off until they pushed on again at 7:39 for another point.

Haliburton then pulled together and with a one-man advantage over the home

Cont'd. page 6

MTC yard won't close, engineer maintains

Snowdon reeve Bob Vick's main argument against the transfer of Highway 519 from provincial maintenance to county jurisdiction, has been refuted by the Bancroft Ministry of Transportation and Communications district engineer.

Vick told county council at a meeting two weeks ago that six men employed at Kinmount MTC patrol yard would have to live in Snowdon would have to move to Tory Hill if the highway was transferred into the county road system. (Highway 519 through Snowdon Township will be transferred to the county system along with highway 519 from Eagle Lake to Redstone Lake. In return the province will take over the Vankoughnet Road (County Road #1) and highway 530 and 519 from Carnarvon to Haliburton Village.)

However, in a telephone interview on Monday, Don MacDonald said there are no plans to relocate the men now working at the Kinmount patrol yard.

"We expect that we will redistribute the mileage of the patrols but there will be no closure of the Kinmount yard," MacDonald said.

If highway 519 does become a county road, the changeover would not drastically effect the mileage that is now covered by the yard, MacDonald said.

"I wouldn't think it would have that great of an effect,"

Trees planted

from page 1

advance notice is preferred.

Trees are shipped from the provincial nursery at Orono. Information on either of the programs can be obtained from the Minden district office.

Easter seals

from page 1

cent per litre pledge will be donated to the Easter Seals Society headquarters in Toronto.

In Minden people wanting to fill up their tanks, and donate at the same time, can buy at Austin's Esso on Highway 35 and in Haliburton, donors can take advantage of this deal by purchasing their gas at Curry Motors on the main street.

Both campaign committees have mailed their Easter Seals to all residents in the surrounding area and hope the people will be responsive to their pleas.

"We need everyone's help," Emmerson said. The money raised locally will help to provide more facilities at Five Counties Children Centre in Peterborough with additional funds staying in the club's coffers to help special cases within their areas.

The campaign will run until April 19.

Tax arrears

from page 1

council will have to consider further.

Burke said she thinks most of the property owners involved will pay the taxes once they receive the notices, since the amounts owing on most properties are relatively small.

Names of people who owe back taxes is considered privileged information and cannot be revealed by township staff.

he said.

Since the yard only patrols about five or six miles of the highway from Lochlin to the intersection with highway 121 south, a big shift in mileage would not be necessary.

"It doesn't represent the largest part of the patrol by any stretch of the imagination," MacDonald added.

The patrol yard, located south of the intersection of 519 and 121 now services about 50 miles of highway so the loss would only represent about one-tenth of the patrol yard.

The transfer agreement which was ratified by county council last year, (despite Snowdon's disapproval) is awaiting the approval of Muskoka District Council which currently maintains a portion of the Vankoughnet road.

Lake levels

from page 1

navigation season. But rainfall in the last few days has brought levels up throughout the system, and some lakes have already reached their maximum storage capacity.

Average storage stood at only 74 per cent as late as last Friday, but as of Tuesday, average levels were up to 78 per cent of capacity and rising.

Stop logs are being removed to increase flows from lakes that are filled, while lakes that are still below capacity will remain closed until optimum storage levels are reached.

Soggy conditions are hampering waterway crews trying to balance flows in and out of reservoir lakes, Kitchen said. Soft roads and culvert wash-outs, coupled with an absence of snow, mean many of the dams can only be reached by foot, slowing down log changing operations.

While the first days of April are early for lakes to reach their capacity, according to Kitchen, officials want to ensure that there is sufficient water in storage to keep levels up this summer, when evaporation and drawdown cause lakes in Haliburton County to drop.

If rain continues, water may have to be released to keep lakes from overflowing.

Contract awarded for library carpets

Caballero Carpets has been awarded the Minden library and cultural centre carpeting tender.

At Anson, Hindon and Minden council meeting, last Wednesday, council passed a resolution to accept the tender.

Cont'd, page 3

The arrival of spring has stirred the sap in maple trees around the county, and many local people are seizing the opportunity to gather sap and boil it off to make that perennial treat, maple syrup.

Chamber to review programs

The Haliburton Highlands Chamber of Commerce will meet this Wednesday to decide what programs to cut in light of a smaller than hoped for grant from county council.

Council's 1980 budget included a grant of \$16,500 for the Chamber, a 10 per cent increase over last year's grant but substantially less than the \$25,000 the Chamber had hoped the county would provide.

While the 1981 grant almost certainly means the Chamber's board of directors will have to reduce or eliminate some of its planned programs, president Jim McLean indicated Tuesday that the board intends to work with the funds it has.

"It certainly doesn't mean

we're all going to go out and hang ourselves," he said. Details of the Chamber's

priorities are expected to be available following the meeting.

PUBLIC NOTICE

Representatives of the Haliburton, Kawartha and Pine Ridge DISTRICT HEALTH COUNCIL will be holding a public meeting, 7:30 p.m. - Wednesday, April 22nd, 1981, at the PineStone Inn and Country Club, Haliburton, Ontario, to review and discuss the District Health Council's involvement in the future arrangements for the Red Cross Hospitals in Minden and Haliburton.

Members of the general public are invited to attend and comment.

PARENT AND CHILD SWIM 1 and 2

During this ten week class, parents and pre-schoolers will get a head start on the swimming season. In a structured setting children will learn the basics of swimming. Class size is limited to eight sets of swimmers (parent and child). Each child must be accompanied by an adult. All swimmers must bring their own towel and bathing suit.

INSTRUCTOR: Elizabeth Cowen
TIME: Tuesdays, April 7 - June 9 (10 weeks)
Session 1: 9 - 10 a.m.
Session 2: 10 - 11 a.m.
LOCATION: PineStone Inn Pool
FEES: \$25.00 per child.

This class is for the pre-schooler aged 1 - 5 years old.

Glamorgan holds meetings

At a regular meeting of the Glamorgan Township council March 4, 1981 the following matters were discussed.

Conflicts of interest were declared: Larry Hunter, road voucher cheque #205, K. E. Maguire, general voucher 81-2 cheque #172, Betty A. Barr, road voucher 81-2 cheque #206 and general voucher 81-2 cheque #188.

Jerry Bryan of Complete Business Systems was present to demonstrate to council a Royfax 115 Royal Bond Copier. Mr Bryan discussed the features of the machine and costs pertaining to operation as well as purchase or lease. It was agreed the machine would be left in the township office for demonstration purposes.

Deferred business was dealt with as follows:

Council acknowledged correspondence C81-0099 and advised the clerk to proceed with By-law 80-14.

Betty Barr was authorized to take action regarding C81-0102 Summer Canada 1981 Student Employment Program re hiring some students.

Council acknowledged receipt of letter C81-0100 re: Winder's property Part Lot 24, Concession 3, Glamorgan.

The minutes of the February 4, February 12, February 17 and February 21, 1981 meetings were adopted as circulated.

The minutes of the road and waste disposal committee dated January 7, 1981 were accepted.

The minutes of the parks and recreation committee February 12, 1981 were accepted.

General voucher 81-2, cheque numbers 71,118-122, 128, 142-146, 151, 171, 173-187, 117, 141, 129, 155, 189-194 and 172, in the amount of \$13,210.14 were approved for payment.

General voucher 81-2

cheque number 188 in the amount of \$100.95 was approved for payment.

Road voucher 81-2, cheque numbers 123-128, 147-153, 195-204, 206-213 and 141 in the amount of \$7,104.99 was approved for payment.

Road voucher 81-2, cheque number 205 in the amount of \$1.48 was approved for payment.

Welfare payroll 81-2, cheque numbers 57-70, 130-140 and 154 in the amount of \$4,336.38 were approved for payment.

Council acknowledged receipt of letter C81-0148 dated February 23, 1981, but refused to pay this amount as the work was not authorized by the road superintendent.

Council approved the recommendation for application for supplementary subsidy for construction on 10th con-

cession in the amount of \$24,400.00 total expenditure and subsidy of \$15,860.00.

Correspondence C81-0110 to C81-0148 were accepted.

A special meeting of the Glamorgan Township council was held in Council Chambers on Monday, March 9, 1981 at 10:00 a.m. to discuss sub-contracts for the community centre construction.

After lengthy discussion, it was decided Campfens Greer Galloway be instructed to proceed with sub-contractors for the construction of the community centre in accordance with resolutions 81-80, 81-81, 81-82, dated February 21, 1981.

At a regular meeting of the Glamorgan Township council held March 17, 1981, the following was discussed.

A verbal discussion that

the Royfax 115 Royal Bond Copier would not be purchased or leased at this time was made.

By-law 81-3, being a by-law to prohibit burning at the garbage dump was read a first time, considered to be read a second and third time and passed.

Council accepted correspondence items C81-0149 to C81-0155 as presented by correspondence committee.

The township will advertise for applications for a maintenance person for the township waste disposal site. Work schedule - May 15 to June 22, 1981, Friday to Monday, inclusive, 1:00 p.m. to 7:00 p.m. - June 26 to September 8, 1981 Friday to Tuesday inclusive, 11:00 a.m. to 7:00 p.m. September 11 to October 26, 1981, Friday to

Cont'd, page 3

Minden council rejects plan to number village houses

Anson, Hindon and Minden cannot afford to pay two-thirds of the cost for house numbering in Minden village, council decided last Wednesday night.

Although Bell Canada offered to foot one-third of the bill for the house numbering as well as help with organizing the project, council felt it could not justify paying its share of the estimated \$11 per household for the numbering scheme.

"Can we afford 3,000 bucks (a rough estimate) just to put numbers on houses?" councillor Ed Pergolas asked the rest of council.

Bell representatives, Bill Stephenson and Bob Welch, told council the corporation used to pay the entire bill for numbering schemes, but be-

cause of the high cost couldn't "bear the whole brunt".

"There are other companies that might share the cost," Welch added.

If the municipality opted to have the village houses numbered, Welch said a contractor, mutually acceptable to the municipality and Bell, would be hired to draw an official town map and prepare a numbering formula.

"Whatever is acceptable for you, is acceptable for us," Welch said.

The Bell representatives said the municipality could keep the cost down by asking local service clubs if they might be interested in affixing the numbers to the dwell-

ings in the village.

Councillor Pergolas turned down this suggestion by asking the other councillors if they "would want to do it".

The Bell representatives agreed that having service clubs number the houses is not always a satisfactory proposition.

If council did happen to opt for the service club proposition Bell Canada would still pay only one-third of the cost even if the total project price was lessened, the representatives said.

Later in the meeting, after the Bell representatives had left, council decided to tell Bell Canada it would not be able to go ahead with the project because funds were not available.

Monday, inclusive, 1:00 p.m. to 7:00 p.m. Rate of pay \$4.65 per hour. No application necessarily accepted. Vehicle required. Closing date April 8, 1981.

The clerk was verbally instructed not to request permission from the Ministry of the Environment to allow burning of certain types of refuse, at this time.

The township will advertise for applications for grass cutting. Individual parcels of township property are to be priced separately per season. Closing date April 8, 1981.

Council approved application for Summer Canada program in the total amount of \$8,154.00 as submitted.

Council accepted Mr. McPhail's report on by-law fines to be submitted to the chief judge.

Council is willing to enter into an agreement with the New Horizons Glamorgan Senior Citizen's Club as per Mr. Hunter's letter dated March 17, 1981.

The regular council meeting for April 1 was rescheduled to April 9 at 10:00 a.m.

Parks and recreation committee, cemetery board and fire department will submit their budgets by April 8, 1981.

Council is to contact John Beachli regarding a ticket wicket in the utility room.

Bell Canada is to be informed that Stoughton Electric has been granted the electrical contract for community centre and the township requests three underground leads to run from hydro pole to building by main hydro service area.

Resolution to go into a committee of the whole with Bob McCausland in the chair. Staff present was requested to leave Council Chambers while Committee of the Whole discussed salaries, wages, benefits, allowances and expenses. When the committee adjourned, the council meeting was adjourned.

A special meeting of the Glamorgan Township council was called by the acting-revee on Friday, March 20, 1981 at 3:00 p.m., in Council Chambers, for the purpose of changing the date of a regular meeting.

Pauline Parnell was appointed secretary for this meeting.

Motion No. 81-109 of March 17, 1981 meeting, to change regular meeting of April 1 to April 9 at 10:00 a.m. was rescinded.

The regular council meeting for April, 1981 was rescheduled for April 10, 1981 at 10 a.m.

Ted Sheehy, centre, was honoured at a retirement dinner in Gooderham, last Wednesday afternoon. Before retiring last fall, Sheehy had served as the Monmouth township road superintendent for many

years. Barry Gaeble, from the Bancroft district of the Ministry of Transportation and Communication, congratulated Sheehy on his retirement as Monmouth reeve. Keith Tallman looks on.

Anson, Hindon, Minden talk with Bell representatives

At the most recent meeting of Anson, Hindon and Minden council, the following matters were considered:

Carpets

from page 2
er of \$5,059.63 for the supply and installation of the flooring materials. The only other tender received was from Haliburton Lumber at \$5,489. Because of wet conditions in the new building, council asked that the flooring not be installed until the first week of June.

costs incurred to number houses and vacant lots in the Town of Minden. They advised that the total average cost per unit was approximately \$11 of which Bell would absorb 1/3 which included numbers for each unit and an official town map indicating the lot and dwelling number. Council directed the clerk to notify Bell Canada that the municipality was not in a financial position to proceed with the proposed house numbering project.

Ron MacKenzie, resident on the Old Portage Rd., approach council to request a ditch to prevent the water during spring runoff from entering his septic field. Councillor McKnight and the

road superintendent were directed to do an on-site inspection of the area and report to council.

Council accepted the tender of Caballero Carpets to supply and install vinyl and carpet in the new library cultural centre, in the amount of \$5,059.63. Installation to begin not earlier than June 1 and to be completed not later than June 10, 1981.

The clerk reported that M.T.C. would only replace two of the signs at no cost to the municipality i.e. White-Minden Resort area and Minden Road 1 and all other signs could only be replaced if the municipality absorbed the cost incurred which would be approximately \$100 to \$150

per sign. The clerk was directed to contact M.T.C. requesting permission.

Cont'd. page 12

County council holds March meeting

Haliburton county council discussed the following matters at its regular meeting on March 18.

The minutes of the meeting of February 18 were approved as circulated.

Finance Chairman H. Bannon reported all accounts in order as inspected by the Finance Committee.

Deputy Reeve John Francis declared interest in Account under Cheque No. 127.

The accounts were approved in the amount of \$68,617.85 represented by cheques numbered 72 to 128 inclusive.

Budget chairman Jim Harrison presented the 1981 Budget to County council, commencing with a review of 1980 operation compared to the budget for that year. Circumstances creating the 1980 deficit were fully explained, and details were outlined on needs in the 1981 budget.

Apportionment was calculated according to Ministry 1981 methodology.

County council accepted the 1981 budget as presented by the Budget committee.

By-law 1125, a by-law for the purpose of confirming apportionment of County liability for Municipalities within the Provisional County of Haliburton for the year 1981; and authorizing the levying of certain estimated requirements by the Provisional County of Haliburton for the year 1981, was passed.

By-law 1126, a by-law for the purpose of confirming allowances for members of County Council, was passed.

By-law 1127, a by-law for the purpose of regulating benefits for non-union employees of the Provisional County of Haliburton, was also passed.

By-law 1128, a by-law to adjust the salary of the county clerk-treasurer and secretary-treasurer of the Land Division Committee, was also passed.

By-law 1129, a by-law to consent to the passing of a

by-law by the Corporation of the United Townships of Dysart, Dudley, Harcourt, Guilford, Harburn, Bruton, Havelock, Eyre and Clyde to stop up, close and lease a portion of Highlandwood Drive, Registered Plan of Subdivision Number 405, Township of Dysart, was passed.

By-law 1130, a by-law to consent to the passing of a by-law by the Corporation of the United Townships of Dysart, Dudley, Harcourt, Guilford, Harburn, Bruton, Havelock, Eyre and Clyde to stop up, close and convey part of the street allowance between Blocks 11 and 13, Registered Plan No. 1, Town Plot of Haliburton, Township of Dysart, was passed.

By-law 1131, a by-law to consent to the passing of a by-law by the Corporation of the Township of Lutterworth to stop up, close and convey a portion of the original shoreline allowance for road in Lots 24 and 25, Concession 4 and 5, Township of Lutterworth, was passed. Nay vote: Lloyd Walker.

By-law 1132, a by-law to consent to the passing of a by-law by the Corporation of the Township of Snowdon to stop up, close and convey part of original allowance for road between Lot 5, Concession 'A' and Lot 1, Concession 2, Township of Snowdon, was passed.

Committee reports were given by the chairmen and representatives.

Warden Murray Fearrey reported on meetings he had been invited to attend with representatives of Northumberland, Peterborough and Victoria Counties who are all pressing for DREE designation. County Council gave the warden verbal assurance of their support for his continued efforts for best possible results.

Warden Murray Fearrey reported on the delegation to the Attorney General's office in February in an attempt to have extended coverage for

Haliburton County. The number of men in this provincial force is still frozen, and a move by cabinet would be required to give the necessary priority to this need and allocate funding for an enlarged force. At present there are insufficient members of the O.P.P. to release men to one area, which would decrease protection elsewhere.

Deputy Reeve M. Peters expressed concern at rerouting of snowmobile trails by the Ontario Federation of Snowmobile Clubs, and resultant loss of funding to their local member association without any notification. It was recommended that direct contact with the federation be

made through their Paudash Trail Blazers Club.

Chamber of Commerce manager Bob Stinson attended County Council and explained their INWATS line and addressed other concerns of County Council, reminding members of the roast to be held April 8.

Deputy Reeve Glynne Lewis reported on the Emergency Preparedness meeting held March 4, which emphasized the need for individual municipalities to formulate plans for their own needs and pass appropriate by-laws, and these would then be grouped within the county for co-ordinated assistance, also with possible involvement for some needs with adjoining counties.

OCAP students successful in job search: province

Ministry of Colleges and Universities statistics indicate that 84 per cent of students enrolled in the Sir Sandford Fleming College-administered Ontario Career Action Program (OCAP) in 1980-81 were successful in finding employment, compared to a provincial average of 78 per cent.

OCAP is a provincial work-experience program designed

to help 16 - 24 year olds receive 16 weeks of on-the-job training in local industries. Students are paid \$100 a week by the program to help cover the costs of their 16 weeks' training. Many of the students hired found work with the company where they received their initial training. OCAP programs are administered province-wide by

Cont'd. page 12

Scouts, cubs plan Festival

The Boy Scouts' movement of Carnarvon and Haliburton will hold their 5th Festival of Fun at the Haliburton Highlands Secondary School next Thursday, April 9 from 7:15 to 9:30 p.m.

This year many of the performers will be in the festival for the first time. Included in this year's festival will be individual and duet singing, choirs, piano solos, various bands and a musical skit.

The festival brings together Beavers, Cubs, Scouts and many talented residents of all ages, in an evening of good entertainment and fun.

All performers provide their services without a fee, and there will be no admission charge. A collection will be taken, however, and refreshments will be sold. All proceeds will go to the Haliburton Chapter of the Ontario Association for Children with Learning Disabilities.

IMPORTANT NOTICE

CONCERNING

WHATEVER HAPPENED TO THE HUMAN RACE ADVERTISEMENTS

I am concerned at some of the rapid changes seen in our society in the last few years. From the beginning I have said in the Haliburton County Echo that our community has a reputation for caring and assisting those in need. My concern is whether the unborn child is receiving help as we who are living. I soon found out that over 1/2 million lives have been destroyed and I wanted to know why. I hope that many others would also want to know why. Of course this issue is controversial. It is a subject which raises great feelings on both sides. I was confronted with the choice of doing something or letting it go by. I was concerned that the statistics were so high, this is what I openly expressed in meetings, service clubs and even on a radio interview on the Bancroft radio station. I made a definite choice to speak out and hope that many would try and discover the facts and establish what was happening. This was my decision aware as I was that it would be an uncomfortable subject.

This decision came out of my understanding of what the bible says about human life, its dignity and sanctity and its value in God's eyes. (psalm 139). Many people who stand for life take their stand for other reasons than the biblical view but they see as clearly as I do the worth of human life.

I saw that many people were concerned about the constitutional proposals; in it the unborn would have no rights. This was a sentence upon the unborn who have no advocates. I believe that from the time of conception the new life should have the same guarantees as we do after birth. I'm not sure why our people have changed our minds so rapidly and are so ready to accept the tremendous number of abortions. I wonder why 1/2 million human lives should have been taken.

Everyone was invited, both those in favour and those against with the hope that we would discuss the problem and discover what guidelines society ought to require and what alternatives there are. (Society needs to offer a better alternative to anxious mothers who find themselves with an unwanted pregnancy eg. adoption, family support, church support, community support and peer support).

We advertised the film series extensively not to condemn but to show our concern and to offer a better understanding of the whole subject whether people supported abortion or supported life. The Haliburton County Echo and guest panelists were not involved in any of the advertising. Accusations that the Echo was printing its personal view point in this advertising are wrong. I accept full responsibility for it. The panelists and the newspaper had nothing to do with my personal views. I have stressed that the part of the panelists was to answer questions of a fact finding nature.

Regarding the mention of homosexuality in last week's advertising: this was a statement of fact about a Toronto Board of Education decision. Again this was not meant to be stated in condemnation, but to indicate the change in thinking that has come into society. (Forgiveness has always been part of the Christian Gospel). I have been told that I ought to accept these changes and to stop being narrow-minded; I have an enquiring mind and would like to know why we should have to accept them and on what basis society is changing its mind. My view point is Christian and I take my position from a biblical base. I hope I do this in charity and in love. I believe the bible is relevant.

I am thankful that I have had this opportunity to express my concerns. I hope that no one will interpret my concerns as personal attacks. I hope that my stand is both Christian and biblical.

Don Waterhouse

for Ontario Junior Citizens of the Year

The purpose

This program will be inaugurated in Ontario to provide recognition for outstanding achievements or acts of courage and initiative, by boys and girls between the ages of six and eighteen years. It will include individual awards presented for meritorious conduct, and special group awards for recognition of the efforts of young people throughout the communities of the province.

The reason

Extraordinary deeds of Ontario boys and girls are often performed within the community. We need you, the local nominators and newspaper editors, to bring these outstanding young people to our attention, so that we will be able to give them the honour and public recognition, which they so richly deserve.

Who is eligible

Young individuals who have performed acts of heroism, perhaps endangering their own lives, overcoming disabling physical or psychological handicaps to match or exceed their peers, or being involved in some worthwhile community service endeavour.

For further information contact your local newspaper or Ontario Weekly Newspapers Association, Tel: 1-800-268-5054 for a brochure.

Now's your chance

It may be jumping out of the frying pan and into the fire, but the Haliburton Highlands Chamber of Commerce has decided it can take the heat. Next Wednesday it has scheduled a 'roast' to give members, politicians, local business people and interested citizens a chance to have their say about the Chamber's performance past and present with a view to making it better in the future.

The idea couldn't come at a better time. In recent years the Chamber has found itself embroiled in a number of controversies. It's disagreements with the Central Ontario Travel Association and its attempt to become involved in the municipal election process through candidate questionnaires are but two prominent examples of decisions that have angered people whose support the Chamber needed. Now it hopes it can mend some fences. It wants to hear from people who think it hasn't been doing the job as well as it might have. It wants to make itself more accessible. And just as importantly, it wants a chance to explain, if not defend, its purpose, its actions and its attitudes.

Throughout the arguments that have been aired in county council sessions, in columns and editorials in this newspaper, and in other forums, the need for a Chamber has seldom been questioned. It is clear to most local people that an organization to promote tourism, and to champion the needs of local business people, is a valuable asset to the community. The question is not whether there should be a Chamber, but whether the Chamber has been meeting the community's needs.

At the roast next Wednesday, it hopes to find out. And it deserves an answer. So if you care about the business climate in the county, and about its future, plan to attend the 'roast'. You'll never have a better chance to make your feelings known.

The wrong tack

There are times when municipal politicians must respond to the feelings of their ratepayers, even if those feelings are expressed by a small minority. But there are also times when politicians must take a broader view, assuming a leadership role, supporting projects and concepts unpopular with some when those projects and concepts are in the best interests of the majority. Nowhere is the need to balance ratepayers complaints against majority interest more acute than in the forum of county council. For while the needs and viewpoints of individual municipalities deserve to be aired at the county level, township representatives to county council must also recognize their responsibility to look out for the interests of the county as a whole. And in the case of Snowdon reeve Bob Vick's unstinting opposition to a proposed road transfer, that responsibility appears to be going unrecognized.

Under an agreement drawn up between the county and the Ministry of Transportation and Communications, the portion of the Vankoughnet Road currently designated County Road 1, as well as Highway 519 from Carnarvon to Haliburton would be designated as a major provincial highway, and numbered 118. The Vankoughnet Road from the county boundary to Bracebridge would also be assumed by the province as Highway 118. In exchange Highway 519 from Haliburton to its junction with Highway 121 east of Kinmount would be assumed into the county system. Also going to the county after the MTC carries out improvements would be Highway 530 from Eagle Lake to Redstone Lake. The transfer would bring increased subsidies to the county roads department for a period of time, but its main advantage is that it will put Haliburton County more squarely on provincial road maps. County council hopes the change will entice more motorists to travel from Muskoka to Haliburton, boosting the local economy. But some Snowdon residents have spoken out against the change, claiming that it will detrimentally effect the small number of businesses located in Snowdon Township along the present highway.

That seems unlikely. Those who travel the highway will no doubt continue to do so no matter how it is numbered. It will remain an alternate means of reaching Haliburton village and other central parts of the county for those who travel up from the south via Kinmount.

Other arguments against the transfer have come from the reeve himself. He told county council at its most recent meeting that six men who now work for the MTC and live in the township would have to move to the Tory Hill area if the transfer goes through. But a spokesman for the Bancroft District of the MTC said this week that the Kinmount yard will continue to operate despite the proposed transfer, and that the six will continue to work out of that yard. The reeve has also claimed that the present highway is one of the best maintained in the province during the winter months, and that if it is assumed by the county, Snowdon residents will be snowed in "from October to May". That is absurd. Winter plowing standards for county roads are less stringent than for provincial highways, but people who live on Haliburton County roads can attest that winter maintenance is both prompt and efficient.

In continuing to oppose to the transfer, the Snowdon reeve may be responding to the feelings of some of his ratepayers. But he is also forgetting that as a county councillor he has a responsibility to consider the best interests of the county as a whole.

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Member

"Serving the Highlands for over 85 years"

The Haliburton County Echo is an independent newspaper serving Haliburton and Victoria Counties for over 97 years. Established in 1882 as The Minden Echo and Haliburton Recorder and amalgamated with The Minden Recorder in 1977. The Haliburton County Echo is published by Algonquin Graphics Limited in Haliburton, Ontario, Box 360, K0M 1S0. Phone 457-1037.

Advertising is accepted on the condition that, in the event of a typographical error, the portion of the advertising space occupied by the erroneous item, together with a reasonable allowance for signature, will not be charged for, but the balance of the advertisement will be paid at the applicable rate.

In the event of a typographical error advertising goods or services at the wrong price, goods or services may not be sold. Advertising is merely an offer to sell and may be withdrawn at any time. The Publisher reserves the right to restrict all ads as to their classifications and to edit or reject any copy.

At times we have to stop and wonder if our democratic system is falling apart. If one just stops and thinks for a moment of what is happening all around us, we have to wonder where we are going and just where it is all going to end. We seem to be at the crossroads where, in most cases, many of our young people seem to be lost; they are living for today and to heck with tomorrow. There seems to be a great deal of unrest in this old world of ours and it seems that no one, no matter where they may live, is satisfied with anything. We are constantly being faced with protests against the establishment and we seem to have come to the point when it's dog eat dog. We don't have to look around Canada to see all the problems of the day as we are faced with many of them right here in our own communities. One of the answers seems to be that we must have more discipline in today's society. We just can't let everything go on without crying halt and see if we can't come up with some solutions. One also has to wonder if most of the people care anymore when you consider the fact that less than 60 per cent of the voters exercised their franchise in the past provincial election meaning that the other 40 per cent sat home with the we-could-not-care-less attitude. Yes, without a doubt things are out of control and it's up to us as responsible citizens to try to do something about it. Democracy, in my opinion, is the best system in the world but we have to make sure that it works.

When you contribute to the 1981 Easter Seal Campaign part of your donation will be used to support research. The Easter Seal Society for many years has sponsored basic and clinical research into crippling disorders in children, preventative measures and new treatment techniques. This research is conducted through the Conn Smythe Research Foundation for Crippled Children, which is a non-profit corporation administered by a voluntary board of directors. It was established in March, 1976 to fill an urgent need to promote and support research. The title of the foundation was established in honour of this prominent Canadian who has worked diligently over many years to assist physically handicapped children.

Many thousands of children in the province receive treatment for physical handicaps each year and the principal focus of the foundation will be on research dealing with preventative aspects of any condition which could result in such disabilities. The Easter Seal Society supports financially the Conn Smythe Foundation and in 1981 have committed \$150,000.

The provincial objective for the 1981 Easter Seal Campaign is \$3,000,000 and your support in helping the Society to continue and expand its services is urgently needed. The Rotary Club of Haliburton and Minden have sent their appreciation letters out in the mail so please be generous and return your donation in the pink envelope that you will find inside the large white envelope.

We are pleased to inform you about a program entitled "What Colour is the Wind", that will be appearing on CHEX-TV (Channel 12) Peterborough on Monday, April 6 from 1:00 to 2:00 p.m. The presentation covers approximately seventeen of the projects that the Christian Blind Mission International maintains in the south portion of India. We invite you to view this presentation and witness first hand the work that is being done in a very practical way.

Dale Robinson was telling me just the other night that last Tuesday evening, March 24 he was in Ottawa and attended the Junior "A" hockey play-off game between the Ottawa 67's and the Kingston Canadiens. Before the game he went down to the ice surface, shook hands with Bernie Nicholls who plays with the Kingston team and renewed old acquaintances. The game which ended in a 6-6 tie saw Bernie with four assists and he was selected as the first star of the game. According to Dale, Bernie Nicholls should have very little trouble in making the Los Angeles Kings of the National Hockey League.

Joe Banks, a former reporter with the Echo who is now reporting for the Arnprior Chronicle, was home over the weekend and stopped by the office for a short chat.

As the monkey said when the lawn mower ran over its tail, "It won't be long now." That's right, it won't be long now before the Stanley Cup playoffs get underway. This is the trophy that the teams have been playing these many months to win. This is also the time of the year when all hockey fans make sure their television is in good working order. Many people who don't take the time to watch the games on television during the regular schedule turn into hockey fanatics when Stanley Cup playoff time rolls around. The fans know that this is the time of year when the chips are down, the stakes are high and that every player will be going all out and giving his all every minute of the game and in most cases the players know that there's no tomorrow. The Toronto Maple Leafs are in the position this year that they have dug themselves a hole and are having trouble getting out of it. They are in a desperation move to get a playoff spot. I do think that this is one year that it will be hard to predict who will win the Stanley Cup. Any number of eight teams at the top of the 21 team league are capable of bringing home the marbles. For me I am still going to pull for my old team the Chicago Black Hawks to win it all. They will be anything except odds on favourites to win.

We stand to be corrected on the caption under last week's photo of Riley's Boarding house which appeared in the Pic of the Past. At the end of the caption it was stated, shown in the window above, Tom Sykes (deaf and dumb). We have been told that the proper terminology is "deaf mute". We are sorry for an inconvenience this may have caused any of our readers.

Spring must be here to stay. Bernice Ross who resides on Park Street in Haliburton was telling me that she saw two robins near her home on Sunday.

LETTERS to the EDITOR

To the Editor:

Congratulations on the excellent write-ups, and pictures of the Haliburton-Havelock play-off series. Two copies were brought down to us by a friend and we were very appreciative. That is all the hockey news we have read concerning our midgets for the whole season. Parents and the players do like to read about the games and to see pictures of the players in action.

Our midget team won their own tournament and also in Bobcaygeon but again, there wasn't any write-ups or pictures.

Your coverage of the games has been cut out and put in our son's scrapbook already. Our sincere thanks.

Yours sincerely,
Mrs. Gerald Wright,
Havelock, Ontario

To the Editor:

I would like to take this opportunity, through your newspaper, of extending my sincere thanks to all snowmobilers, sponsors, snowmobile clubs, service clubs, various police departments, C.B. clubs, St. John Ambulance representatives and the many other volunteers who participated in making

the Whipper Watson Snowarama for Timmy/Tammy the number one special event of the year!

On behalf of the Easter Seal Society, I would like to express my sincere appreciation for the sum of 900 thousand dollars raised through Snowaramas this year. Through your support, the proceeds raised will help to benefit the lives of 6,700 physically disabled youngsters throughout Ontario.

Again, I would like to thank you for showing you care by making the Whipper Watson Snowarama for Timmy/Tammy the highlight of this year -- The International Year of Disabled Persons.

Whipper Watson,
Toronto, Ontario

To the Editor:

After seeing Dr. Schaeffer's film on Friday night that was shown at the high school, 'Whatever Happened to the Human Race', I've become very concerned about the issue of abortion.

How can anyone argue that a fetus is not a human being? Right from the moment of conception the egg contains everything that makes it a person. At the time when most women get an abortion (12 - 20 weeks), they are murdering an

As others see it

ROUGH TIME FOR YOUNGSTERS

Those parents how have somehow managed to raise a family of responsible, well-balanced young people have a good deal for which to be thankful. The pitfalls which lie in wait for both parents and children are manifold and complex.

Success in the task of raising a decent family, however, is something more than a matter of good luck. Sensible parents are the first and by far the most important ingredient in the process. It doesn't matter how much parents are able to spent on comforts for their children, nor what fine schools the youngsters attend, if the home atmosphere fails to instill a sense of responsibility and acceptable behaviour, right from day one of babyhood, all the goodies our society can provide will not produce worthwhile young adults.

Judge Lucien Beaulieu of the provincial family court, who headed a task force to study the causes of, and possible remedies for vandalism, has come up with some obvious non-answers. The judge apparently doesn't believe that parents should be held responsible for the destructive acts of their children. It is his conclusion that if parents are required to pay the shot, the children of more affluent families would simply become more destructive, since the mothers and fathers would have to pay the bills.

Beaulieu's attitude reinforces the concept that it

is parents and not the children who are to blame for many of today's ills. He obviously believes that the parents who would have to shell out for their youngster's acts of vandalism wouldn't be tough enough to control their own kids. They would patiently sit back and pay the bills for whatever the kids smashed up.

Not in our family by golly! Once would be enough.

Some parents, however, cannot control the circumstances which create problems in their families. One contributing factor is the necessity for so many mothers to hold jobs outside their homes. Children, of necessity, must be left to the care of others and they miss the hour-by-hour discipline which is so important to a growing child. Too much money is also a problem -- whether a child has too much for himself or whether he has less than his friends creates another hazard.

A strong contributor to the situation is that today's children don't have enough to do. They have too much time on their hands and become bored. Vandalism offers a ready opportunity for excitement and the thrill of risk. Many young people today have never been required to earn the good things in life by their own efforts and therefore have no sense of values.

Whether or not we can ever eradicate the sickening disease of vandalism remains to be seen.

Cont'd. page 5

Pic of the Past

sold his store in Gelert he moved to South Lake, where he had cottages on South Lake. Our thanks to Mrs. Lloyd Sedgewick at Lutterworth Estates, Minden for submitting this photo.

As others see it

from page 4
The old-fashioned family, where mother was the centre of activity and model for strong character and father was the image of fair but stern justice may be gone for all time -- but a national bill of something more than \$100 million a year for senseless vandalism is a problem which deserves better solutions than Judge Beaulieu has to offer.

from the Wingham Advance Times

Galway/Cavendish council

At the fifth regular Galway/Cavendish council meeting held March 14, the following was discussed.

The minutes of the February 28, 1981 council meeting were adopted as circulated.

Ian McNab, resource manager of Kawartha Region Conservation Authority, attended the meeting to discuss with council the plans for a strategy study and water shed plan for the area covered by the Kawartha Conservation Authority. This study should be completed in March 1982. McNab explained that the authority obtained 60 per cent of its funds from the province and the municipalities involved share the remaining 40 per cent. The Kawartha Region Conservation Authority covers 990 square miles. Slides were shown with an explanation concerning the four boards set up within the authority and their functions: (1) Water Management - flood damage, water quality, erosion control. (2) Conservation and Land Management - fisheries, reforestation, wildlife. (3) Recreation and Historic Site - swimming, boating, skiing, picnicking, camping, history of transportation, historic site preservation. (4) Information and Education - nature interpretation, information dissemination.

Councillor Platt was appointed as the flood coordinator for the township and that the Kawartha Region Conservation Authority be so advised.

The township reaffirmed its support of severance B-193-78 as amended by B-29-81 (Bruce Dettman, Lot 12, Concession 10, Galway), as it conforms to the North Kawartha Official Plan and Zoning By-law 78-43 and

further that the normal fee payable to the township prior to the deed being stamped was waived.

By-law 81-12, being a by-law to establish a community centre as part Lot 5, Concession 12, Galway Township was read a first time, and considered to be read a second and third time and passed. This by-law is to meet the requirements of the Ministry of Culture and Recreation with regard to the grant acquired in 1980 to replace the footings, foundation and floor structure in the Galway Hall.

Council went into "Committee of the Whole".

The council meeting reconvened.

The report from the Committee of the Whole was adopted.

Council was authorized to attend the Peterborough Industrial Development Seminar on March 26, 1981 and the registration fee and all out of pocket expenses will be paid.

The Ontario Humane Society's letter of February 23, 1981 was to be tabled, to be brought forward when the changes proposed by Ministry of Natural Resources to the regulations governing the keeping of wildlife in captivity is reviewed.

Council did not support the resolution from the Corporation of the Township of Tilbury West, pertaining to repatriation of the Canadian Constitution.

The request from Mr. L. Vincent to open the unopened road allowance between Concession 16 and 17, Lot 7, Cavendish Township for a distance of approx. 200 feet to permit him to gain access to his property will be circulated to all ratepayers within 400 feet and the matter will be

Bill Smiley

Went to a political meeting recently, first in years. It was a nomination meeting to select a Tory to run in the next election. And, despite my rather jaundiced view of politics and politicians, I was able to muster a little ripple of the old feeling that politics is exciting, and the democratic process is far from perfect, but better than most systems devised by civilized man.

As an old weekly editor, was nothing new to me. I published a weekly paper in a rural riding, and had to go to the dang things. Often had to drive fifty miles, sit through a smoke-filled nominating convention, drive home, arriving about 2 a.m., and have to write the story for next morning's paper. But I enjoyed every minute of it, even when my man lost, which he frequently did, because I lived on the water, and the farm vote would almost always lick us.

Farmers are thicker than thieves, when it comes to politics. If it's a Liberal riding, they vote on solid Liberal. If it's Tory, they go Tory. If it's NDP, they're crazy and must live in the West, according to Liberals and Tories.

As a newspaper editor and quondam writer, I have been wooed by all parties. And, as a human being, I like to be wooed, whether it's by cats,

grandchildren, beautiful women, or politicians.

As a result of this personality weakness, I have worked, and written politically, for all three major parties in Canada. I felt rather badly that the Social Credits did not woo me.

I have written speeches, radio scripts, advertisements, and many "news releases," a euphemism for political plugs the editors just might run for free, for all parties.

I never felt that I was prostituting myself, even though I didn't intend to vote for the guy I was working for. I was simply using a skill for someone, usually a friend, who'd asked me, because he didn't have the talent or the time to do it himself.

There's another reason I didn't feel like a prostitute. My total reward for all this was one bottle of Crown Royal, and fifty dollars, deductible for the candidate. And in every case, I voted against the guy I was promoting, which made me feel sort of virginal.

Well, you don't want to read about my devious path as a political fink. Let's get back to that convention I went to the other night.

It was a typical Canadian nomination convention, I figured, as I wandered off into the winter night with some

young neophytes who had never been to one.

Cigar smoke, a lot of red-nosed guys whispering to another lot of guys with whiskey on their breath. A series of boring speeches, in which every candidate pledged virtually the same thing, and invoked that big name in the sky, the provincial leader. And assurance that we must all pull together for the party, no matter who won.

But what's this, when I walk in? A rock group whacking out some deafening stuff. Banners, signs on sticks, silk scarves denoting your voting preference. A kilt band warming up in the wings.

Holy Old Nelly, I thought, what is the sober Canadian voter coming to?

And when I took a look at the size of the crowd, I was shaken. I was used to two or three hundred of the old party flacks, the people who handed out jobs in the liquor store, gave the nod to the contractors of the right persuasion for construction work - a post office here, a new dock there.

But I needn't have worried too much. Despite the effect of American political conventions on TV, we Canadians behaved with decent decorum.

There were no demonstrations. No fights, no marching around the hall, fiercely cheering their candidate, except for a few teenagers who embarrassed everybody.

Those honest Canadians wiggled their banners a bit, even held them up. A few uninhibited souls, with no sense of decency or decorum, actually shouted aloud the name of the man they were going to vote for, but were careful to shout it only when others were doing the same, so that they wouldn't be

Report from Parliament

The federal government is pushing ahead full speed to implement the metric system in Canada, by the devious means of Order in Council rather than by way of legislation which would allow for full debate in parliament.

This is being done in spite of massive opposition to the scheme on the part of consumer groups, retail merchants' associations and individuals all across the country.

The February 28, 1981 edition of the Canada Gazette contained the announcement of deadlines for conversion to metric. Some areas of the country must be fully converted as early as December 31, 1982, while all other areas must be converted no later than December 31, 1983.

Since the average Canadian does not read the Canada Gazette, at least not on a regular basis, the metric announcement has gone largely unnoticed by the general public.

Prime Minister Trudeau insists that if Canada retains the Imperial system of measurement we will be out of step with our trading partners and most other countries of the world, but that is a fallacy.

I pointed out in this column in June, 1980, that both the United States and Great Britain have backed off on going metric, and those countries are our major trading partners.

I also pointed out that our government has adopted the metric system known as Systeme Nationale, the least-used metric system in the world. Of all major nations in the world, only France uses Systeme Nationale.

If Canada adopts and implements Systeme Nationale, it will mean that we will be out of step with most of the countries that use metric, and that would not be an improvement over keeping the Imperial system.

The Counties of Victoria, Haliburton and Peterborough must be fully converted to metric no later than June 30th, 1983, and so must the Townships of Georgina and Brock. It will be illegal for merchants to have equipment in a store or shop incapable of measuring in metric after November 30, 1982 in Haliburton County, after March 31, 1983 in Victoria and Peterborough Counties and after May 31, 1983 in Brock and Georgina.

The announcement in the Canada Gazette is a Public Notice, and there is a period of only sixty days from the date of publication during which the public can respond. That means that all representations to the government on this matter must be received by the appropriate minister no later than April 28, 1981.

I urge all of my constituents in Victoria-Haliburton who are opposed to converting our country to the metric system to write and express our objections, without delay.

Write to Bill Scott, M.P., Rm. 534CB, House of Commons, Ottawa, Ontario, K1A 0A6, and/or Honourable Andre Ouellet, P.C., M.P. Minister of Consumer and Corporate Affairs, House of Commons, Ottawa, Ontario, K1A 0A6. Letters to me or to the minister will not require any postage.

Those of us who are opposed to metric hope that the weight of public opposition to metric will be so great that the government will be forced to bring the issue into the House of Commons for debate, where it should have been handled, instead of by Order in Council.

Hockey season ends

Pee Wees lose semi-finals

from page 1

team, put in a goal at 5:18. Cory McKnight scored unassisted.

Ennismore's final goal came at 3:24 to round out the scoring at 9-4 for the home team.

In a return match at Haliburton on Thursday the home team faced a do-or-die situation. Ennismore had two wins while the home team only had one win to its credit.

Ennismore seemed to take control of the game early in the first period and if Haliburton wanted to come out on

top, it looked like the goalie and the defensemen would have their jobs cut out for them.

Both teams had men in the penalty box almost within the first minute of play and the Ennismore team was trying to rally for its first goal of the match.

Haliburton's goalie, Mike McLean seemed to be in top form as he made a fantastic save at the 12 minute mark only to face another onslaught within the same minute of play.

But Haliburton's defense-

men pulled together and pushed the play out of Haliburton's danger zone to give McLean a break.

Ennismore was playing hard and the home town boys couldn't seem to get a clear shot in the end zone and lost control of the puck within about 30 seconds. Ennismore's scoring team took another shot at McLean but couldn't get past the goalie's quick reflexes.

The defensemen once again took the pressure off and moved the play back into scoring range but a well-

placed shot didn't out-manoeuvre Ennismore's net-minder.

The visitor's scoring squad started a slow edge back towards Haliburton's goal and in a confused and tangled play McLean lost his stick and had no way of defending his goal but to block an oncoming Ennismore player's shot with his body. In a good play, McLean outwitted the Ennismore player by kicking the puck off its course. When the tension eased McLean was able to retrieve his stick.

But Ennismore wasn't to

be put off easily as they shot at McLean again only to have him stop the puck in mid-path.

The Haliburton boys took control of the puck with a little less than half the period remaining, and with the power play behind them the home town boys were plowing on. With the puck within good shooting range of the Ennismore net McLean gashed for the player's bench to give Haliburton another player on the ice and just when it looked like the boys might make the first goal, the Ennismore net-minder dove for the puck and ended the play.

With McLean back in his goal, play resumed and Haliburton's numbers were evened when hooking penalty took a man to the box.

Although both teams were shorthanded for a minute and a half, Ennismore seemed to have the edge with McLean and the defensemen playing hard to keep the puck out of the mesh.

But the odds finally went to Ennismore's favour as they shot past McLean at 2:50.

Ennismore took control of the puck from the face-off but Haliburton's Cory McKnight got the puck out of Haliburton's end and although the home team was pushing hard they couldn't make the grade before the period ended.

The second period was the exact reversal of the first as Haliburton took control and scored with only 11 seconds off the clock. Tran LaRue got the goal with the assistance of Darryl Tunall.

Ennismore seemed stunned by the quick goal but they bounced right back only nine seconds later to once again take the lead.

Haliburton seemed to be a closer match for Ennismore in the second frame as Mike Blake made a strong shot from the blue line which split his stick and sent an Ennismore player's stick flying.

Cont'd. page 10

Haliburton faced tough opposition in semi final

Minden Tykes ousted in final 8 teams compete in tourney

Minden Tykes made a valiant effort to take the consolation championship in the last tournament of the season.

At Minden, last Saturday, the Tykes hosted seven teams, four from Peterborough and the others from Fenelon Falls, Bracebridge and Orono.

Minden made its way to the consolation final only to come up one goal short of the title in the last match.

Minden got an unlucky break in first round play when it was ousted out of championship play by a first goal win by Fenelon Falls. Although both teams only marked up two goals, Fenelon managed to put the first

mark on the scoreboard to take the game.

The first goal didn't come until 1:58 in the first period. Minden came back with only 12 seconds left to play as Aaron Hie scored with an assist going to Oliver Greer.

In the second period at 1:20 Minden moved into the lead as Hie scored once again, this time with the help of Philip Boyle.

It looked like Minden was on its way to the championship match as the minutes ticked by in the third period and no answering shot came from Fenelon Falls. But the boys' hopes faltered when Fenelon Falls scored with only 1:35 remaining in the game.

Minden was unable to gain control of the lead in the little time remaining.

In other first round play Bracebridge defeated St. Peter's 5-1. All Saints was edged into consolation play by Knox in a close 3-2 decision and Orono blasted St. Paul's 6-1.

As Minden moved into consolation play the boys kept on playing strong and that determination paid off as they gained a 3-1 win over St. Peter's.

Minden's first period was slow again in this match with the team's first goal coming at 1:52. David Lee scored unassisted.

In the second period Lee again scored unassisted to

keep Minden in the lead at 6:33. Hie rounded out the team's scoring at 1:10 on a good pass from Jay Hughes.

In the third period St. Peter's managed to get one shot past Minden's goal keeper to put their only mark on the scoreboard.

In the consolation championship match, St. Paul's scored first to take the lead. Minden came back late in the period at 1:12 with an unassisted shot from Lee.

In the second period St. Paul's player flew down the ice on a breakaway show to move the team into the lead again. With only 47 seconds remaining, St. Paul's widened their lead with a good shot past Minden's goalie.

In the third period Steven Beaver scored from Lee in a good attempt at coming closer to the St. Paul's team.

Although Minden tried many times to get the tying goal, the boys just couldn't get past the opposing goalie. St. Paul's took the consolation championship 3-2.

Earlier in consolation second round play St. Paul's had downed All Saints 6-0.

In championship second round play, Fenelon Falls won another match by scoring the first goal in a 2-2 tie with Bracebridge.

Orono devastated Knox in an easy 7-0 victory.

Orono also out-muscled Fenelon Falls in the championship match to win the trophy 2-1.

Duane Lennie, left, presents the championship trophy to members of the winning Orono team.

Floor hockey players to play in USA

by Roy Scott

On the weekend of March 20, 21 and 22 a Junior girls, Junior boys and Intermediate girls travelled to Agincourt to participate in a regional tournament. The two top teams at the regionals gain the right to travel to Battle Creek, Michigan, to participate in the International Tournament to be held April 3 and 4.

The Junior girls division saw Haliburton defeat Pickering 3 to 1. In their second

game Haliburton lost to Agincourt 4 to 0. The third game had Haliburton defeat Lakefield 3 to 2. This put Haliburton into the championship game against Agincourt.

Again the strong Agincourt team defeated Haliburton 4 to 0. This put Haliburton as the number two team and they will travel to Battle Creek this weekend along with Agincourt to participate in the Internationals.

After each game a most valuable player award was given to each team. Winners for Haliburton were Shannon

Curry, Melissa Creelman, Lisa Sisson and Linda Pockett. An all star was also selected and Melissa Creelman was chosen for her play as rover.

The Junior boys division saw Haliburton lose their first game 8 to 5. After the game the boys never looked back as they won their next two

QUOTATIONS REQUESTED

Material and labour to be supplied for Municipal Office on County Road 9, starting date at discretion of Council.

Written quotations will be received by the undersigned for the items specified herein, no later than April 9, 1981 at 4:00 p.m.

All quotations must contain an itemized amount for each item listed, must be signed by contractor and sealed on delivery. Incomplete quotations will be rejected by Council.

Items of material required:

- 650 sq. ft. - R12 wall insulation
- 590 sq. ft. - R28 ceiling insulation
- 118 lin. ft. - 3/8 inch strapping
- 92 lin. ft. - 2 in. x 4 in. finished lumber
- 20 pieces - 2 in. x 4 in. x 8 ft. studding
- 7 pieces - 2 in. x 4 in. x 14 ft. studding
- 36 sheets - 4' x 8' light-coloured mahogany wood paneling (supply sample)
- 70 lin. ft. - outside mahogany corner moulding
- mahogany trim for - 4 interior door casings
- material for - 540 sq. ft. suspended ceiling (includes: 6 - 2 ft. x 4 ft. translucent light panels, regular 2 ft. x 4 ft. ceiling panels, metal strapping)
- 6 - 4 ft. double unit florescent lighting fixtures
- 1 - swinging 1/2 door, plus hinges and bolt
- 1 - Bi-fold solid door, 2' x 6'5", plus hardware
- 1 - Bi-fold solid door, 3'6" x 8', plus hardware
- 1 - combination aluminum door, 2'8" x 6'8", plus hardware
- 1 - combination aluminum door, 2'10" x 7', plus hardware
- Hardware for - 1 exterior door (incl. key lock and dead-bolt lock)
- Materials for - 30 sq.ft. drop ceiling, (incl. strapping, tile and insulation)
- 1 - electrical floor (4 outlet post type) outlet, and wiring (approx. 12 feet from fuse panel)
- 2 gallons - semi-gloss paint

Items of labour required:

- construction of approx. 25 feet interior wall partitions
- insulating approx. 590 sq.ft. existing ceiling
- constructing approx. 540 sq.ft. suspended ceiling and approx. 30 sq.ft. drop ceiling.
- removing existing interior wall panels, insulating walls and replacing new wood panels.
- installing 6 florescent lighting fixtures and floor electrical outlet
- cutting and re-locating 2 counter-shelf units
- installing 2 aluminum doors and re-modelling 1 existing exterior door (incl. trim and locks)
- painting part of interior walls and trim

Extendicare News

by Dr. W.O. Anderson

What a nice day Monday is except that the sun is hidden, the snow is nearly gone, and the crows are out in full force with their raucous caw. On our various walks it is interesting to observe what appears to be the various disposition of car drivers, how some have a habit of burning all the rubber they can off the tires to get full acceleration to go 100 yards. It really does look silly and is silly to burn that extra precious fuel just because he has cash in his pocket to burn as well.

The ladies are doing it again; Vera Griffin, Hazel Parish, Maude Weston, Ada Denholm, Vivian Bowen, Nina Hussey and Flossie Burk have sewn together all the rectangular pieces of salvage cotton prints of as many colors as of variations giving it a wondrous design. Amelia Sibley and Lillian Hague were the faithful volunteer helpers, Pat Burk and Cheryl Athoe the designers.

Our woodworking department was just as busy on making the mug trees and the pen and pencil holders. Charlie Stormer, also the faithful volunteer helper, is the instructor supervisor in full command. The Happy Gang is greatly privileged to have him.

In the earliest days of British North America there were only the five eastern provinces, Ontario, Quebec, New Brunswick, Nova Scotia and Prince Edward Island, each one a sovereign state with their tariffs, their money, their education, postal service, and all other services a sovereign nation should have. John A. McDonald persuaded them to form a sixth nation by pooling some to be common to all.

Now the government of Canada has taken over everything, if not in total in duplication. They are not superior but act the part. The government of Canada has jurisdiction over Alberta's money but owns none of Alberta's land unless by purchase. Education is a provincial matter but the government of Canada now spends as much on bi-

lingualism as the provinces spend in their education ministries. We are hopelessly in debt so much so to the extent that the interest payment alone is a major item of government financing. We feel that the squandering of money has gone plenty far enough. No one has yet told us why Canada needs a new constitution, or that only that they are giving Canadians what they want.

Rev. Trevor Denny of St. George's Anglican Church in Haliburton, held communion services at extendicare Tuesday morning.

The game of bingo dominated the residents Tuesday afternoon. The volunteer helpers were Helen Archer, Cheryl Athoe pitched in for Pat Burk, and Ray Smith spelled off by Allan Macklin took care of the calling.

In the evening the Happy Gang paid tribute to the late Don Messer of Nova Scotia by showing one of his musical films. Don was one of those greatest Canadians and this film was enjoyed by all.

That big jigsaw puzzle is finally finished, that is we found perfect fitting for every piece but there are 17 empty spaces. It was a quite difficult puzzle to start with but having to get around a missing piece greatly increases the challenge. Now that it is finished it will be placed in the garbage.

Thursday noon at the invitation of the senior citizens of Haliburton we were taken by car to the Dysart Community Centre to join with them in another pot luck dinner, and were warmly greeted by their president Emil Niemann. At the request of the president, grace was offered by Ken Stewart. Extendicare were asked to go first, recognizing that some of us are cripples, a handsome gesture that we appreciate. The meal was delicious, in plenty and in good variety. Tea and coffee were served and the latter was very good. Laura Carnegie drove Jack Pollard, John Sissons and Watson Anderson. Barbara Ramsay

our new extendicare secretary drove the girls, Alice Hartle, Christina McCrae, Hazel Parish and Flossie Burk. Thanks folks for a good dinner. Pat Burk was in Toronto learning to be a better supervisor.

Friday morning it was the turn of the Rev. Merv Kurtz, pastor of The Full Gospel Lighthouse in Haliburton to guide us in our devotional period. Instead of piano accompaniment to our singing the Reverend brought his trumpet and it really sounded great. The theme was the 128th psalm in which the people of Israel are implored to leave their evil ways and in

return will be released from bondage. It was nice to have Rev. Merv sit in with us for the after service snacks. In the afternoon were movies - 1. Cicero the Queen's Drum Horse showing the amount of training is needed for that role in the grenadier pagantry and how kind we must be to these creatures to get obedience. 2. There is no comment.

In the evening we were glad to greet Nancy Picard and Peggy Neville and see and hear their splendid performance. Nancy piano, Peggy voice, singing the latest hits and the old and new. We trust they will

continue this weekly performance.

Plant seedlings so far this year to date are - two types of geranium, petunias not so good will need reseeded, two kinds of alyssum, white and mauve, pansies, marigolds, Adelweis, spider flower a new one, zinnias, button box the big ones seem out of place here now, sensitive plant just an oddity, impatiens, salvia not so good and finally indoor rubber plants a good array. That dieffenbachia in the corridor that we recently air layered is not going to make it but the cut up stem promises to give us six or seven cuttings that will take a long time to grow.

Fitness increasing research finds, people exercising three times a week

Fitness, it seems, is like eating peanuts.

Once you start, you can't stop.

That's what's indicated in a research report on fitness patterns that was made public by the Ontario Ministry of Culture and Recreation.

The report states that the fastest-growing group of fitness buffs are men and women who exercise three times a week or more.

And it contains other suggestions that fitness is taking firmer hold in the province.

One in every two adults in Ontario, it states, is getting some form of physical activity every week.

And even people who are not active at all, are saying they should be getting more exercise than they do.

The report, called "Physical Activity Patterns in Ontario", is based on a series of interviews with more than 1,000 adults across Ontario.

Ontario's fitness minister, Reuben Baetz, says, "I am delighted with the report's clear indication that fitness is not a fad and that it will continue to grow in the 1980's."

"We saw a massive increase in fitness interest and participation in the mid-70's."

Over the last two years that interest has increased by an additional seven percent."

"Now all of us who are interested in fitness face a three-pronged challenge. First, we have to encourage people who are involved to pursue activities which produce the very best fitness results."

"Second, we've got to help encourage people who are just starting out to stay with it. Third, we've got to turn people who are thinking about fitness into people who are doing something about it."

The 44-page report is based on data which have been collected by the Canadian Gallup Poll over the past two years. Here are some of the highlights of the report:

- The five most popular year-round activities, in order are: walking, general exercise, jogging/running, swimming and bicycling. Seasons affect the popularity of activities.
- The support of family and friends is identified as the most important factor in getting a person to start, or stay, with a fitness program. The availability of facilities is listed as second.
- A lack of time and opportunity are the reasons given

most often for not starting a program.

- Slightly more men than women report being active, and men tend to take part in a wider variety of fitness activities than women.

- Younger people with more

education and higher income jobs tend to be more active.

- Eighty per cent of the people questioned said the support of fitness programs is either an essential or appropriate activity of the Ontario government.

Grant given to seniors

A New Horizons grant in the amount of \$13,076 has been awarded to a group of retired people from Minden.

Minden Senior Curling Club will purchase needed equipment.

New Horizons is a federal

government program established to encourage seniors to become actively involved in their community. The program offers grants to provide groups of retired people an opportunity to develop interests of their own choosing.

Students find suitable jobs

More than 91 percent of the 16,270 full-time students who sought employment after graduating from Ontario's community colleges last year had found jobs by mid-November. A further 4,615 graduates did not seek work or did not report their activities following graduation; of these, many became home-makers or continued their studies.

The information is contained in the Ministry of Colleges and Universities annual College of Applied Arts and Technology Graduate Placement Report. The report assists students in selecting college programs and making career choices - and shows total job placement across the college system.

The report notes that there is widespread belief that civil, electronic, mechanical, industrial, electrical and other technologies may soon experience rapid expansion. Hospitality and fields relating to data processing have grown faster than anticipated and are expected to continue to provide many opportunities for qualified graduates.

Careers related to the development, production and consumption of energy are also expected to require increasing numbers of workers.

Health-care programs and business-related programs such as accounting, managing, marketing, advertising

and word processing, the report suggests, should continue to show high placement rates. Construction and certain manufacturing occupations will need many trainees as a large portion of the current work force nears retirement.

Obituary

Francis McLearn

Francis Karl McLearn died Tuesday, March 24 at Haliburton Red Cross Hospital. He was 83.

Born in Mount Uniack, Nova Scotia, he married Olive Avery in Jacksonborough, Ontario in 1918.

The late Francis McLearn was employed by Canadian National Railways for more than 40 years, moving to Saskatchewan and Alberta during the course of his work. In 1926 he was one of the first operators in Nakina, Ontario. There he was a justice of the peace and was also active in politics. During the second world war he was a train

dispatcher in Hornepayne, Ontario, where he was a Grand Master of the Masonic Lodge.

He later transferred to Lindsay, where he remained until the station closed, and then spent two years in Belleville. He retired to Maple Lake and spent winters in Florida.

The couple had four children; one son, Weston, and three daughters; June Ross, Hope Burnside and Virginia (Jean) Fairfield. Interment was at Maple Lake cemetery on Thursday, March 26.

MUNICIPALITY OF DYSART ET AL

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO STOP UP, CLOSE AND CONVEY A PORTION OF PART OF THE STREET ALLOWANCE BETWEEN BLOCKS XI AND XIII, PLAN NO. 1, IN THE TOWNSHIP OF DYSART, IN THE PROVISIONAL COUNTY OF HALIBURTON.

NOTICE IS HEREBY GIVEN, pursuant to Chap. 284 Sec. 443 of the Municipal Act as amended, that the Township Council of the Municipality of Dysart Et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario, on Monday, April 13, 1981, a By-law to Close, Stop Up and Convey the following:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Township of Dysart, in the Provisional County of Haliburton, being composed of part of the street allowance between Blocks "XI" and "XIII", Registered Plan Number 1, known as the Town Plot of Haliburton, in the said township, and which said parcel or tract of land is more particularly described as follows:

PREMISING that the bearings herein are astronomic, derived from the Southerly limit of the aforesaid street allowance, having an assumed bearing of North 68 degrees 50 minutes East as shown on a plan by H. C. Bishop, O.L.S., dated December 17, 1974, of record in the offices of Bishop and Wilson Ltd. COMMENCING at the South Easterly angle of Lot 4, Block XIII; THENCE Westerly along the Southerly limit of the said Block XIII on a course of South 68 degrees 50 minutes West, 616.37 feet to a point in the Easterly limit of the Township Road; THENCE Southerly along a curve to the left having a radius of 317.07 feet, an arc distance of 64.44 feet, and having a chord equivalent of 64.33 feet when measured on a course of South 34 degrees 05 minutes 09 seconds West; THENCE South 28 degrees 15 minutes 50 seconds West, 45.16 feet to a point in the Northerly limit of Block XI; THENCE Easterly along the Northerly limit of the said Block XI on a course of North 68 degrees 50 minutes East, 703.52 feet to the North Easterly angle of Lot 8, Block XI; THENCE North 21 degrees 12 minutes 10 seconds West, 66.0 feet to the Point of Commencement.

WHICH SAID parcel or tract of land may be further illustrated, shown in heavy outline on a plan by Paul Wilson, O.L.S., dated March 5, 1981 and hereunto attached. AND WHICH Plan of Survey is available for inspection at the Municipality of Dysart et al office in Haliburton, Ontario.

AND TAKE FURTHER NOTICE that before passing the said By-law and its meeting to be held at the time and place above mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said By-law and who applies to be heard.

DATED at Haliburton, Ontario this 9th day of March, 1981.

NOTICE

Under The Forest Fires Prevention Act

The period from April 1 to October 31 of each year is a fire season.

During the fire season, fire permits are required in a fire region.

- for all outdoor fires except fires for cooking or obtaining warmth.
- to ignite fireworks in or within 300 metres of a forest or woodland.

A work permit is required to conduct any operation which is liable to cause an accumulation of slash or debris within 300 metres of a forest or woodland.

No person shall throw or drop live coals, smoking material or hot ashes in or within 300 metres of a forest or woodland.

No person shall smoke while walking or working in a forest or woodland during the fire season.

The regulations under the Act provide, in part, that every person who starts a fire out of doors shall:

- take all reasonable steps to keep the fire under control.
- ensure that a responsible person tends the fire, and
- extinguish the fire before quitting the site.

Fire permits may be obtained from local Ministry offices or township fire wardens.

DISTRICT NEWS

Irondale News

March 30, 1981, a rainy morning, snow mostly gone, a greysky - as I looked out the window, a ball of white exploded into the air - turned, and in long jumps, sprung through the new pines, weaving this way and that, a white rabbit - the March Hare? here now then gone.

March has lived up to a traditional weather pattern, coming in a bit lamb-like and giving us rain as it departed. But on the whole, March has been a subdued month. We, personally, were ever so thankful for the fine weather through the school break as our grandchildren were with us. It was a real treat to be able to send them out-of-doors to skip and play catch; to roam with them over the hills; now denuded of snow, to watch them roll and tumble on the dry grass, and to smell the scent of pine needles on their sweaters when they came in, hungry and happy after playing in the pine woods.

March has been a very busy month also. Our ladies are still working toward their spring bazaar. Macrame is the craft that Cora Kennedy is involved in teaching now and an excellent teacher she is. The first efforts of our young ladies certainly stimulates a desire for more of the same.

We had a very welcome helping hand with our quilting when Mrs. George Brown from Kinmount, kindly came for an afternoon, to visit and stitch with us. Such encouragement will be remembered.

Mary Tomlinson, Cora Kennedy and Madeleine Howarth, from St. John's, Irondale, attended the world day of prayer in Kinmount United Church. It was good to be able to worship with so many Christian women. Marion Sedgwick, the speaker, sent us home with the sustaining thought, that God is always near to help, but since he has given us intelligence he expects us to use it and "if you get into trouble out in a canoe, paddle for shore as hard as you can. Don't expect God to do everything for you but he's there when you can't cope.

Several of our community have taken this March to travel. Mrs. Dennis Simmons, Jason, Mark and Adam visited with Pat's parents in Toronto, during the school break. Mrs. B. Barnes and family left for Alberta and Mary Graham accompanied Terry for a visit with them. Mr. and Mrs. Max Hancock and Tim visited in Fort Erie with son Wilfred and family. Mrs. Joe Hancock has returned from her visit to P.E.I., where she found her father in satisfactory condition. Mr. and Mrs. Gordon Kennedy spent a few days with their son, in the Guelph area. Mr. and Mrs. Harold Howarth visited with family and friends in the Richmond Hill area. Mr. and Mrs. Merle Graham, Donna and

Denis visited the Fecht's in Orillia.

Visitors to Irondale have been many. Some cottagers were here for the holidays to check their properties after the winter. To name a few, Mr. and Mrs. Howard Bucknam of Cardiff, Mr. and Mrs. Wm. Vanderburgh of Toronto, Mr. and Mrs. Wilf Hancock and family from Fort Erie, Mr. and Mrs. Ralph Tucker and Marianne from Vaughan, Miss Lillian Rumble, and Mr. and Mrs. S. T. Rumble from Richmond Hill and Mr. and Mrs. W. S. Macdougall and family from Vaughan. We welcome all and hope they will soon be with us again.

We are glad to report that

Grace Simmons is home again after her stay in Minden hospital. A speedy recovery. Grace - it's been a difficult time for you. Also, we hope Vi Danilko will soon be mobile again after her fall and injury.

We would like to congratulate our boys and girls, who celebrated birthdays in March. Judy Garrick had her cousin and grandmother to visit her. Donna Lee Simmons celebrated with a party. Jeff Hancock and Stewart Macdougall also celebrated birthdays. We trust this year will be an outstanding one for all our young people.

The men have been working at our parish hall and we are glad to report some progress, despite difficulties.

Sunday School has been well attended and we have welcomed several visitors this month. The children also had the privilege of attending a craft hour during the school break. Our hall will be a great asset when it is completed.

A treat was in store for us on the last Sunday of March. Friends had invited us to go with them for a drive and when we were coming home, fortunately driving slowly, we came over a hill to see three deer licking salt from the highway. It was my first sighting of so many deer in the wild and I felt a surge of emotion as their tails flicked. Then they were gone into the darkness. Theirs was such

beauty, such symmetry of movement, such joyous purpose - Life.

Another sign of spring sits on my window sill. The tulip bulbs I potted up in November are now giving forth their beauty. Several buds are showing but one has outstripped the others and is standing straight and tall, proud of its brilliant flower. These tulips are a far cry from the masses of blooms displayed at the Annual Flower Show held in Toronto, but they still make one remember this line of poetry, 'If winter come - can spring be far behind?'

Au revoir, until next month and God bless you.

Kinmount Korner

by Millie Moss

Sympathy is extended to family and friends of Leon Allen who passed away at Victoria Manor in Lindsay, on Thursday, March 19. Also, to the family and friends of Mrs. Barr, of Burnt River, who was so tragically killed this past week at the age of 34 years. I was sorry to hear of so many sick, including Mary Phillips, who at the time of this writing is in Haliburton Red Cross and Herb Hancock who is in Minden Red Cross. Let's hope all are soon well and back home where they belong.

Violet Denelko is still sporting a cast, completely covering one leg and at last report I hear it will be part of her apparel until some time in April.

Belated congratulations to Mr. and Mrs. Fred Ingle of Furnace Falls who celebrated their 50th wedding anniversary on Saturday, March 21 by enjoying a meal with approximately 24 family and friends at the Irondale Steak House.

Lorrie Moss spent the weekend in Oshawa attending a bridal shower for a family friend.

Mary L. Pyke's toaster "blew up" one morning last week doing some damage to her cupboard and of course, the toaster. She is 85 and does like a little excitement once in awhile.

Anyone who would like a

new puppie in the near future, give a call to 454-1380. They haven't arrived yet, but by the looks of Shelagh it won't be long now.

Phebe Crego is spending part of her school break with her sister Bonnie, in Woodville.

The sap is running and the boys are busy making maple syrup on some of our back roads.

Joe Crego is still taking therapy on his broken hand and it's coming along too slowly for Joe though.

Happy winners of the \$140 jackpot at Father Hart's bingo in Bobcaygeon, last Monday night was Myrtle Leaver of Minden, who won on the 58th number. Congratulations. Maizie Brohm is being missed at bingo these nights and we hope to hear of her improving health and that she'll be home from the hospital very soon.

Welcome home once again to Joan and Ken Hyams, who spent a few days in Toronto last week, on business and visiting with friends.

Euchre results at Galway Hall last Wednesday were men's high: Leon Wright, men's low: Harry Stuart, ladies high: Alma Harper, ladies low: Donna Shaw, most lone hands: Ken Stuart.

Lucky winner of the dart board donated by Jim and

Muriel Nightingale was Frank Franzen. This past week's winner of the Norland Firefighters hockey pool was once again, Leonard Greer of Norland.

Sympathy to the Puterough family in the death of a sister Kathleen, in Toronto last week.

Last week it was mentioned a robin had been seen. I've heard of a few such reports since then, of robins but today I was informed of red wing blackbirds down around the Cameron area. It won't be long now folks!

Shelley McBride, Jennifer and Joan Mills, all of Pickering were recent overnight guests of Win Wilson at RRI, Kinmount.

Another key has been found at Kinmount P.O. so now there are a couple of them sitting there waiting to be claimed.

I was sorry to hear Lloyd Crowe is now in Princess Margaret Hospital and I'm sure would love to hear from some of you.

Ken and Ida Young's son, Tom, was home for the past weekend with his friends, Candice, Andre and Rob. They spent their time exploring the countryside on motor bikes.

Scott Young spent his week in Toronto and while there, took in the Globetrotters, his basketball favourites.

Ken and Ida Young were recent complimentary guests at the Deerhurst Inn which is located in Hidden Valley, Huntsville. The interior has been extensively redecorated in a bright, airy, tropical motif and with a little imagination one could almost feel they were in the Bahamas or some such exotic place. There is one reminder though, the still frozen lake and the rapidly melting snow on the surrounding hills. After a buffet, they were entertained by the "Nylons" which consist of 4 men singing without accompaniment except for snapping fingers and voices constantly in tune. The audience was delighted with their many various selections. After the show, the rest of the evening was enjoyed by all.

One day last summer, a couple with their six children were into Dettmans Dry Goods Store in Kinmount and were looking at pictures of some of the hockey teams that Kinmount boasted a few years back. They asked John if there were still hockey teams in our town and the reply was "our children are nearly all girls". They informed Mr. Dettman that they had four daughters playing organized hockey in the Dorset Park area of

Cont'd. page 9

Dorset News

"Stubbornness we depreciate, but firmness we condone; the former is our neighbours trait, the latter is our own."

Our kind thoughts and best wishes are extended to Mrs. Barbara Ellerington, Bill Ellerington's mother, who is a patient in Huntsville hospital.

Welcome home to Irene and Jack Clayton who spent a month vacationing in sunny Florida. They say they had some cooler weather to contend with while there and high winds almost every day. However, nothing to shovel or wade through.

Mrs. Margaret Bordeau of Oshawa, spent a few days visiting with her brother and sister-in-law, Hector and Marcella McKay.

Mrs. Grace Ryan is on a trip to Hornepayne to visit her husband, Ron and father Lorne Greenaway; the two men have trap lines in that area.

The ice fishing huts are all off the lake and the ice looks like it had really deteriorated, especially along the shore. The water appears to be very low and the ice has broken away and dropped down below the shore, ice leaving a ridge high enough to obstruct any object trying to cross it, so it is well that the huts are off.

There was a moose mystery in the village last week. Some of the local residents noticed a path through the ice where something had broken through and swam for a distance. Upon investigation, there were tracks found, apparently of a young moose going onto the ice of the bay near Truelands cottages, and then where it had broken through. The N.R. game warden was notified and came in from Bracebridge to check out the situation. The moose was never actually seen but the evidence that he was there, was in dispute. Some reports said that there were some tracks on the ice

opposite to where he broke through, implying that he got out O.K. We hope this was the case and that the poor fellow is roaming the woods and keeping warm after his cold bath.

The Dorset Anglican Church will be holding services in the church on and after Passion Sunday, April 5. Services at 10:30 a.m. The

congregation would like to thank Fr. Bradford for allowing the rectory to be used for services during the cold winter months.

If you are house cleaning and have any articles that you wish to dispose of we would like to have them for our May rummage sale, all we ask is that they are clean. Call any

of the Anglican ladies or for pick up call 766-2237.

H.H. To make your own fabric softener sheets pour a few capfuls of any fabric softener into a small bowl of water. Swish a wash cloth in the solution. Wring it out and toss it into the dryer with the wet clothes. You will find this method a lot less expensive

Wilberforce News

by Winnie Schofield

A recent letter from Mrs. Gertrude Miller, long time Wilberforce resident, who is now living in London, Ontario mentions that there is great interest being shown in the schedule of events for the Monmouth Centennial year especially those pertaining to Home Coming week which occurs July 26 and carries on until August 1. Many former residents are planning to visit this area at that time and two that Mrs. Miller mentioned were Ellen Haines MacGregor or who taught as a teacher in Wilberforce in the twenties and Daisy Knaggs Lean who was a very popular nurse in the early days of the Red Cross Outpost. There is an interesting program planned for each day of Home Coming week and we hope to make this a most memorable occasion for our visitors.

The Schofields are delighted to announce the arrival of a

little granddaughter at the Kitchener Waterloo General Hospital. Wendy and Alec

Coboconk News

by Shiela Lake

It was nice to meet Mrs. Reilly at the post office on Friday. I'm sure you are happy to be home again after spending the winter in Toronto. I'm sure your daughters will miss "Mom" too, but home is home. Right?

Harold and Margaret Rutter of Scarborough were weekend visitors of his mother, Mrs. Ruth Rutter and Garnet.

Our sympathy to the Puterbaugh family in the passing of a sister in the sudden death of Kathleen (Puterbaugh) Sacks in Toronto. Kathleen is the mother of Carol, Mrs. J. Magee. The funeral was held from the Cameron Funeral Home on Friday with interment in Pine Grove Cemetery North.

Jack Peel is in Toronto General Hospital being admitted on Wednesday. Best wishes for good health Jack! I trust your stay will be brief.

Mr. Ross Faulkner, accompanied by Mr. Charlie Brohm of Davis Lake Road, Minder's Bay, visited Charlie Brohm's son, Mr. and Mrs. Lorne Brohm and family at Blackstock, on Wednesday, and on the next day Thursday visited Cecil Brohm at Nestleton.

On Friday, Ross Faulkner went to his son's Lloyd Faulkners' at Belleville where Myrtle Faulkner has been for the past week.

Mrs. Mildred Faulkner is home after a visit with her son Norm and family at Sturgeon Falls.

Mr. and Mrs. Jack Taylor of Oakville have been visiting her sister, Ethel and Ben Farrow for the past week.

Marg Michel is home after a visit of a couple of weeks with daughter, Diane and family in British Columbia. Her little grandson came back with grandma for a visit.

There is a gal in Toronto who has designed four "Terry Fox" stamps and would like to have the post office use them to honour Terry Fox while he is still alive. Apparently, stamps are not issued to commemorate any person until they have been dead ten

years or longer. Wouldn't it be great to bestow such an honour on Terry Fox now - not years down the road? If you agree, put some pressure on your M.P. and write Ottawa telling them you wish to have the Terry Fox commemorative stamps now and show Terry his bravery and running feat make us all proud of him.

These lovely warm sunny days are sure enjoyable after such a long winter. Do you get the urge to rake the yard and plant some bulbs?

Have you ever tried making weiners? This recipe is from

Harrowsmith magazine, this I haven't tried yet.

HOT DOGS
10 lbs. ground beef
4 lbs. ground pork
2 lbs. water
1/4 lb. pickling salt
1 1/2 oz. of black pepper
3/4 oz. sage
1/2 oz. of mace or nutmeg
Mix meat, salt and seasonings, run through the grinder using finest blade, add water and knead thoroughly.

Stuff into sheep or hog casings, smoke in warm smoke house (not over 125 degrees F) to a rich orange colour. Cook in water at 160

degrees F. - 170 degrees F. Use within a few days or store by freezing or canning in a pressure cooker.

Mrs. Jessie Rutter is doing quite well, convalescing at home for many weeks. Trust you can soon go out for a car ride, Jessie.

Mr. and Mrs. Bill Lechie of Lindsay visited Mrs. Mary Limrick last week.

Walter Marles of Lindsay visited his mother, Annie Marles on Friday. Her birth day was Thursday, March 26, and she received a number of phone calls and visits.

Chatting with Irene

by Irene Moore

By the time you read this March will be gone until next year and April fool's day will be over. This small verse seems to suit the way I feel.

I like the sunshine - like it more, now spring is here again. How nice if every day were bright - but sometimes comes the rain. And true it is: Since time began, it's sun and rain that makes a man! Now, just because a lot is wrong, is really no excuse for grumbling, groaning, looking glum; And saying life's no use. If only you would sometimes smile; You might find

life is well worthwhile.

Mr. and Mrs. Grenville Bird of Haliburton; Mr. and Mrs. Lloyd Bull of Haliburton; Mr. and Mrs. Earl Bird of RR2, Minden; Mr. and Mrs. Glenn Bird of Gooderham and Mr. and Mrs. Dwight Detman of Kinmount attended the wedding of their cousin in Peterborough last Saturday.

Last Tuesday evening at Rotary bingo there was a tie for the special prize of 100 lbs. of beef and the winners

were Bev Johnson and Jean McKelvey.

On Monday evening, April 6 the Library Culture Centre Group will meet at 8 p.m. at the library.

Finding a friend is the nicest discovery of all.

It was with sorrow that I heard of the passing of Rev. Noel McNeill at London. While Noel was in Haliburton he was the driving force behind getting the county library system organized and as Roy Brohm or Charles Brandon can tell you Noel was right there to give us that extra incentive to become the second county library system in Ontario. Middlesex had the other one, I'm sure we will all remember Noel for all the time and hard work he put in as well as the driving force needed to make our county library system become a reality.

If you get holes or runs in the legs and feet of your panty hose don't throw them away, just cut them off well above the knees and wear them under shorts or slacks for summer. They make great underwear.

The Minden and District Horticultural Society will hold

their monthly meeting at the municipal building on Tuesday, April 7. The guest speaker has been booked for a year and will talk about the care of cactus and also the kinds. Be sure and attend this meeting. Hope to see you there at 7:30 p.m.

Mr. and Mrs. Doug McGee are home after a vacation in Florida.

The flowers of tomorrow are the seeds of today.

Megan Cox; Monica Miles and Brianna Elder were christened at the service in Minden United Church last Sunday.

Many lovely gifts were received by Jim and Barbara Todd at the shower in the United Church Hall last Monday evening. The only marring feature was that Barb was still too ill to attend the shower. The benefit dance held for them at the community centre last Saturday evening was very well attended and everyone enjoyed themselves.

Mr. and Mrs. Verne Graham of Ottawa spent the weekend in the village.

A friend is one who knows all about you and still likes you.

Miss Laura Bird, R.N.A. of Toronto has been spending a few days with her parents.

Last Monday I had daughter, Helen Brydson, and granddaughter, Lesley of Bracebridge, Earl and Muriel Bird and granddaughters, Nancy and Julie for the afternoon and supper. Then while their parents were in Peterborough I had Nancy and Julie over the weekend. I sure am glad there is a playground close for with that lovely sunny weather we spent a lot of time there. I had a great time with them all and Nancy was as thrilled as I was when Maple Leafs did so well Saturday night.

I hope all senior citizens are making good use of their Sr. cards for on the Women's Institute bus trip for a cruise up the Peterborough Lift Locks they will be handy to have on hand. Also I hear Sr. citizens receive weekly newspapers cheaper than our ordinary folk so be sure and look into it the next time your paper is due.

Many of you know Laura Garshore Mole but haven't heard from or of her lately. I'm sure Laura would be

Cont'd. page 10

Floor hockey teams compete

from page 6
games over Hunter's Glen 5 to 2 and over Agincourt 4 to 0. In doing this they captured the consolation championship and placed third in the final standings. Winners of the player of the game award were Brian Hopwood with two and Brian Turner. Selected to the all star team was goal tender Gavin McKnight. The Intermediate girls division was set up as a sportsmanship series and the girls

played in a round robin series with the following results: White Haven 5, Haliburton 3; Agincourt 0, Haliburton 0; White Haven 0, Haliburton 1; White Haven 3, Haliburton 1; Windsor 4, Haliburton 2.

Winners of the player of the game awards were Michelle Purnell, Kathy Shipley, Miriam Smith and Shona Ross and Miriam Smith was chosen to the all star team at the rover position.

Wilberforce News

from page 8
Leslie have chosen the name Clara Elizabeth for their first child. The baby weighed six pounds, nine ounces and was born on Sunday, March 29. Mrs. Phyllis Leslie of Don Mills is the other happy grandmother.

This weekend saw our minor hockey teams travelling to Scarborough for their return match. Some very good games resulted with a loss and a win for the Novice, Pee Wees and Atoms. The mighty Bantams took both games. The Bantams have succeeded in making a great name for themselves this season and have earned the title of the Monmouth Unbeatable.

Next Saturday is Monmouth Cup Day which will

wind up the season with some final good games of hockey as teams from neighbouring rinks meet to compete for the trophies.

Reserve April 18 for a day at the Maple Syrup Festival that will be sponsored by the Monmouth Recreation Committee and will include a flea market, sale of maple syrup, a bake sale and handicrafts. Doors open from nine a.m. to three p.m. Don't worry about lunch as there will be pancakes and sausages available all day.

This takes place at the Lloyd Watson Memorial Centre. In the evening there will be a dance from nine until one, with music by Ken Hum and the Fugitives - Country Rock.

Kinmount Korner

from page 8

Toronto. Girls hockey being really big in that area and being preferred over ringette skating and that there was no reason to bring in another game when hockey could be enjoyed just as much by the girls.

One step further was taken in Kinmount and boys and girls were combined to form one team. Irondale followed suit and like magic there were two mixed teams. Ages ranged from 5 to 10 years and it was fun from the very first time they saw a puck on the ice and the race was on to see who could get to it first. There was lots of practice those first few weeks as George Simmons, Michael McBride and John Dettman worked patiently with the young players. Finally, February 7, the big day, game time and as part of the Kinmount carnival, a first time ever game was played by Kinmount versus Irondale. Excitement could hardly be held back as they waited for that first buzzer and their first time playing in a hockey game. They shook hands after the game and lose or win, it had been a big night in their young lives. The two teams went on to play three more games in the Minden arena, where they experienced further thrills of playing the game on a large ice surface with artificial ice. One lady from the Minden area couldn't believe there were both boys and girls on the teams and you couldn't tell unless you looked very closely. This was just a group of kids enjoying themselves. The Kinmount players were: Darelle Scott, Jason Scott, Robbie Stata, Julie Austin, Jill Dettman, Jane Austin, Joey Shaw, Jason Scarlett,

Jennifer McBride, Victor Swinson, Shane Austin and Christina Fountain.

Next year Kinmount will have many more boys and girls playing hockey as the interest has really caught on. Just maybe the same idea may catch on in other towns and give other boys and girls the chance to join in sports together, as a team. This has been especially important for the girls to be part of the team because, as we know, boy's hockey is really big, but for the girls it has been non-existent in this area. If I might add, we need more people like the above good citizens who give of themselves in helping the youngsters. Thank you!

Lucky winner of the \$180 jackpot on the 57th number at the Kinmount Legion last Friday night was Mrs. Elsner of Bobcaygeon.

To the ladies who are

making a book of the Harbour Grace recipes: Apple Crumble: 2/3 cup all purpose flour, 3/4 cup brown sugar, packed, 1/3 cup shortening (half butter) 4 cups pared, cored and sliced tart apples. Combine flour and brown sugar and cut in shortening to make a crumbly mixture. Arrange the prepared apples in a shallow baking dish 10 x 6 1/2 x 2 inches. Sprinkle the sugar mixture over the tart apples and bake in moderate oven 375 degrees F. about 30 minutes or until the top is brown and crunchy and apples are tender.

Happy anniversary Audrey and Wilf, on March 26.

Belated anniversary greetings also, to Mr. and Mrs. Haas, Tory Hill, on their 53 years of wedded bliss.

Bill Wilson was in Pickering for a few days last week. Have a nice day, 488-2399.

Ennismore takes All-Ontario final hopes away from Haliburton

Cont'd. page 6

Ennismore put Haliburton on the defensive once again but McLean was still making the saves.

Atoms had successful season

Cont'd. page 6

The first game was played in Pickering and after regulation time, the score was tied 1-1 with Haliburton's goal scored by Erin Nicholls. Pickering came through in the overtime period to earn the win.

Chatting with Irene

from page 9

happy to get letters or cards from her friends so here is her address -- Mrs. Laura Mole; Crockford Wing, L.T.C. 4th floor; Room 487, 3050 Lawrence Ave. East, Scarborough General Hospital, Scarborough, M1P 2V5, Ontario. Do drop her a line even if you don't get an answer for Laura hears little news from her friends. Don't forget a card does wonders.

Mr. and Mrs. Paul Heffer spent a few days in Kingsville last week with Janet's parents.

Second chance draw winners last week were Stedmans, Paul Walker; Mae's, Kathy Short.

Mrs. Joyce Hewitt had her three sons - Neil of Charlton Place, Colin of Toronto and Fred of Scarborough visiting her on the weekend.

Winners at last Thursday's mini card party were - cribbage - Vera Ward and Cora Hewitt. Euchre - lone hands on a cut, Shirley Elcome, May Wright, Pearl Cowen.

Visitors last week with Mr.

and Mrs. G. Durant were Alex and Joan Chornous and family of Toronto.

One thorn of experience is worth a whole wilderness of warning.

Last Tuesday the Roy Rogers of Orillia and the Phil Robinsons of Minden spent the day at the Ern Voiccy cottage at Redstone. Then this past weekend Bradley Robinson of Weston spent the weekend with his parents.

No recipe this week as I have no room for it.

Mr. and Mrs. Blake Hughes and daughters of Mississauga spent the weekend with the Robert J. Hughes.

Know how to listen and you will profit even from those who talk badly.

Mr. and Mrs. Ray Rivers and sons of Downsview spent the weekend in the village.

What is happening in our continent; the four babies dead in Toronto, and the president of USA shot? God help us all.

Adios and take care now.

NOTE OF THANKS

We would like to express our appreciation for all the help we have received since the fire destroyed our home. It is difficult to believe that there are so many people who could think of so many ways in which to assist - those who expressed concern and well wishes, those who sent money, food, toys, clothing and who babysat our boys. There was a lovely shower at the United Church and a terrific dance at the arena for our benefit. We are receiving offers of furniture, appliances, dishes and bedding, etc. to help set up housekeeping again.

We want to share the knowledge of our good fortune after misfortune, because it is so heartwarming to know that there is so much kindness in our community. We will remember and return these kindnesses in the future.

Now, with all our family and friends behind us, we can't help but make a success of establishing a new and happy life.

Thank you.

Jim and Barb Todd & boys

The defensemen were pushing hard and finally got the puck past the blue line for a quick onslaught into Ennismore's end.

The relief was short-lived as the Ennismore players brought the puck down again and a short entanglement with an Ennismore player put

McLean off balance just at the critical moment when the puck was whizzing towards the net.

Ennismore's third goal went on the scoreboard at 10:31.

Haliburton got control of the puck off the face-off and McKnight rushed into the Ennismore goal area and was just inches away from edging the puck past the goalie.

Ennismore grabbed the puck and raced towards Haliburton's net and McLean, anticipating the shot, came mid-way to the blue line to stop it. After the save he lost his balance and was scrambling to get back on his feet while his defensemen covered the goal.

Darryl Tunall then took the puck in a break-away but was stopped short of his goal by an equally-fast skating Ennismore player.

The teams were fighting back and forth for total control of the puck until Blake took hold of it and took it deep into Ennismore's end only to lose it on the corner.

After snatching the puck from Blake, Ennismore sent it back into the home team's end zone but a carefully aimed shot went too high

skimming out of McLean's reach and into the boards.

Ian Cooper made Haliburton's next play on Ennismore as he took control of the puck in his team's end and made it all the way to the critical shot on goal but when the action stopped, the puck was on the wrong side of the mesh.

Haliburton's offense kept the puck within shooting distance of Ennismore's goal but couldn't get the shot the team was waiting for.

Although it lost control of the puck for a few moments, Haliburton once again was pushing for a marker as they made a good shot at the net, the goalie went down and the home team crowd even started to cheer for a second until the puck was noticed still free outside the net and an Ennismore player made the dive to save the team's two-point lead.

Haliburton tried again to get a good shot at the net but LaRue was stopped mid-way in his attempt and then Chris Harrison got the puck on the end of his stick. In his first shot at the net Harrison was stopped short by an Ennismore player directly in his way but his next shot looked like it would go in the pocket until it just missed its mark by less than a few inches.

Ennismore was bound to get control of the puck but McKnight quickly changed

the situation as he strided down the ice but his well-aimed shot was stopped with a great save from Ennismore's net-minder.

At 2:46 the referee's hustled two men from the two teams off the ice for body contact and it looked like Ennismore might take advantage of the situation.

But Haliburton rallied around and kept on playing strong.

As the penalty box emptied another Haliburton player went in, but the Ennismore players couldn't take control of the power play with only 43 seconds remaining in the period.

In the third period, Haliburton was still short a man for about a minute and a half but good defensive plays kept the Ennismore players at bay.

After the penalty had ended McKnight brought the puck out of Haliburton's end and on a neat pass to David McKay, Haliburton came within one goal of Ennismore's lead. McKay made the goal at 12:19.

Two periods of hard playing didn't seem to have dulled McLean as the Ennismore offense moved in on him. In a fast move, McLean lost his stick and while his team-mate tried to recover it the Ennismore onslaught continued. McLean kept the puck out of the goal.

McKnight once again got the puck on the end of his stick and although he took it all the way to the goal he couldn't outskate the Ennismore defensemen and he couldn't get a clear shot at the net. Ennismore brought the puck back into Haliburton's danger zone and on a combination play outwitted McLean to score the goal.

But the word went out from Haliburton's bench that they would protest an Ennismore player's stick. The referee checked the stick and the Ennismore player served a two-minute penalty for illegal equipment. Although he assisted on the goal, it remained on the scoreboard.

A minute and 40 seconds later another Ennismore player went down with a penalty and Haliburton tried to move fast to take advantage of the power play.

Although one man came out of the box, Haliburton was still going strong and a good shot bounced off the post at 8:29.

Haliburton was playing hard in Ennismore's end, however the team lost the edge they needed when one of its players skated off to the penalty box, this time for a four-minute stint.

With Ennismore leading by only two goals the Haliburton boys still had a chance to save the game but another timely penalty put them behind the eight-ball.

With both Haliburton boys spending another one minute and 40 seconds in the penalty box, Ennismore seemed to have captured the semi-final match.

McKnight tried to get the puck away from the Haliburton net but Ennismore's advantage was too strong to fight.

McLean was trying hard to protect the mesh behind him, but a good pass to a player

THANK YOU

The family of the late Frances Karl McLearn (Maple Lake), wish to sincerely thank friends, neighbours and relatives for donations, floral tributes, cards of sympathy and food sent to our home, acts of kindness shown to us as we suffer the loss of a dear husband, father and grandfather. Special thanks to Dr. Pierce and nurses of Haliburton Red Cross Hospital, ladies of the church, Rev. Miller, Gordon Monk and the Masonic members. Olive McLearn & Family 27-P-1

MORRISON - The family of the late Arthur Morrison wish to sincerely thank friends, neighbours and relatives, for their many acts of kindness during the illness and death of a loving husband, father and grandfather. Our deep appreciation is given for the beautiful floral tributes, cards of sympathy, donations to the Cancer Society, Red Cross Hospital, Ladies Auxiliary, and The Gideon Bible Society, your calls and food brought in. Our thanks to Dr. Beich and Dr. Good, also the nurses on the second floor at St. Joseph's Hospital for their excellent care. We especially thank our minister, Rev. John Smith for his visits, prayers, and words of comfort and sympathy. Thanks also to the ladies of West Guilford who served a lovely lunch. Also a special thanks to the Gordon A. Monk Funeral Home for their management and support. Your love and sympathy helped us through. Elva Morrison and family 27-P-1

Lutterworth Township holds February meeting

At the regular meeting of Lutterworth Township council held February 19, the following matters were discussed.

The minutes of the January 15, 1981 regular meeting of council, last; and the minutes of the January 27, 1981 bi-monthly regular meeting of council, last; were adopted as circulated.

Mr. Arnold Richardson attended the council to discuss a proposal for the municipal purchase of a full 66 foot right-of-way for the existing travelled Murdoch Road to include the limits of the occupation by the township of the present road surface. Council agreed, in principle, with the proposed purchase of the 66 foot road right-of-way on the following terms and conditions - the township will bear the cost of the required survey plan of the 66 foot road right-of-way; the land purchase price would be \$250.00 per acre; Mr. Richardson would receive the timber removed from the right-of-way. Mr. Richardson indicated that he would consider the council's offer and advise them of his decision.

Road accounts for January, 1981, in the amount of \$6,572.84 were approved.

Council authorized the road superintendent to participate in the county's tendering procedures for the municipality's 1981 steel culvert pipe requirements.

Mr. Miller reported the unauthorized cutting and removal of maple trees on the township road right-of-way for the Rackety Ranch Road,

just south of the junction of County Road No. 2 (the Deep Bay Road). The licence number from the vehicle engaged in removal of the timber was recorded, but the owner of the vehicle could be determined from the licence number. Council instructed the clerk to provide the licence number of the vehicle to the local detachment of the Ontario Provincial Police with a complaint of the unauthorized removal of trees. In the matter of the proposed Clear Lake Road Revisions, and the required property purchase by the municipality from Togroup Investments Ltd. (Mrs. E. Toguri) in part of Lot 16, in Concession 6 (at the location of the hydro right-of-way); Council was provided with two survey estimates, as follows: Bishop and Wilson, O.L.S. Ltd., approximate fee - \$790.00 plus estimated costs of \$143.00; total estimate: \$933.00; Dearden and Stanton Limited, O.L.S., approximate fee - \$800.00 to \$1,000.00.

Dearden and Stanton Limited, Ontario Land Surveyors to undertake the required surveying at the site, and to prepare a reference plan of survey, to provide a full 66' - 100' (where necessary) right-of-way for the travelled township roadway - being the Clear Lake Road - in part of Lot 16, in Concession 6 (at the location of the hydro right-of-way).

Concerning the township's international snow plow truck, council confirmed that 'retreads' should be put on the four old casings on hand,

for summer use - in order to rest the snow tires.

Council instructed the clerk to arrange for maintenance and service agreements, in respect to both the municipal garage and municipal office furnaces, with John Francis Fuels Limited and Sid Stamp Fuels Limited, respectively.

The program of proposed expenditures for highway improvements for the year 1981, in the total amount of \$123,350.00 were accepted and adopted by council.

Council authorized the road superintendent to apply for a \$50,000 supplementary allocation of subsidy monies

for work on roads and bridges for the year 1981.

Council authorized the re-naming of 'Minden Road' as the 'Lutterworth Boundary Road' as requested by the Municipality of Anson, Hindon and Minden.

Council instructed the clerk to make up a 'form' letter for the purpose of warning township residents, when necessary, not to leave accumulations of snow from private driveways on the municipal roadways.

Council authorized the chief building official to attend the evening course, "Residential Blue-Print

Reading and Material Estimating", offered by Sir Sandford Fleming College, Haliburton. Registration fee in the amount of \$45.00 and all other expenses are to be paid in full.

Council authorized the clerk-treasurer to execute a postponement of Lien Agreement, in duplicate, dated February 19, 1981 in the matter of the postponement of the township's Certificate of Lien for O.H.R.P. #12 for the township. It is council's understanding hereby that the municipality acknowledges that a new bank mortgage arranged by the appli-

cant under O.H.R.P. #12, is a prior encumbrance to the Certificate of Lien.

The following accounts be paid: General, \$4,790.70; Library - \$8.00; Protective Inspections - \$181.00; O.H.R.P. - \$828.35; Planning and Zoning - \$1,322.26; Welfare - \$1,893.00; Roads - \$6,572.84. (Total: \$15,596.15). Councillor Wm. Prentice declared his interest in regard to Item No. 1 on the general accounts listing and refrained from any involvement in the discussion of, and in the approval of, this account.)

Council supports the Hamilton-Wentworth Regional Council's January 20, 1981 resolution concerning, "The ever-increasing attacks upon members of the various police forces of this country" and "Petitioning the Attorney-General for the Province of Ontario and the Minister of Justice for Canada for the imposition of stricter penalties upon those criminals carrying a firearm(s) while participating in a criminal act"; and forwarded copies of council's motion to the Attorney-General for the province and to the Minister of Justice for Canada.

Council authorized the clerk to publish appropriate 'notice' in the local paper

regarding advancement of the date for the regular meeting of council in March, 1981, from March 19, 1981 to Wednesday, March 18, 1981.

Council authorized the clerk to execute a polling place rental agreement for the pending provincial election to be held on March 19, 1981 during the hours from 8:00 a.m. to 7:00 p.m.

Council authorized the clerk to forward \$75.00 toward the expense of the operations of the Minden Community Centre - the facilities of same being utilized by township children. The sum is based upon an amount of \$25.00 per capita for each of three(3) township children using the facility at the present time.

Council instructed councillor Wm. Prentice to pursue with the chief of the Norland Fire Department the possibility of extending that department's fire protection in this municipality to cover the Somerville Fire Department's former route. Council instructed the clerk to wait further advice from councillor Prentice before confirming attendance by Lutterworth Township council representatives at the March 3, 1981 meeting of the Somerville Township council.

The general correspon-

dence from the list of incoming and outgoing correspondence prepared for the period from January 2 to February 9, 1981 - together with certain additional items of correspondence received by the clerk since February 9, 1981, was reviewed and adopted as read by the members of the council.

The meeting was adjourned until called by the reeve.

A special meeting of the council of the Corporation of the Township of Lutterworth was held February 1, to review and discuss 'Discussion Paper No. 1' for the draft Major Amendment to the Restricted Area By-law for the Township of Lutterworth. Council and John McDermott

of Totten Sims Hubicki considered the general format of the proposed new by-law, and considered, in detail, the first draft of the following sections of the by-law: Part Two - Interpretations; Part Three - 'Compliance With the By-law'; Part Four - 'Zone Provisions'; Part Six - 'Administration'; Part Seven - 'Enforcement and Approval'; Part Eight - 'Schedule A - Zone Map'. Council noted that the following sections of the by-law would be completed subsequent to the presentation of 'Discussion Paper No. 1': Part One - 'Definitions' - and Part Five - 'General Zone Provisions'. Meeting was adjourned at 11:00 o'clock p.m.

Galway/Cavendish meets

brought forward at the April 25th council meeting.

The Peterborough Board of Education School Closure Policy was received.

The progress report on the Cavendish Fire Hall of March 14, 1981 indicating that the project is proceeding according to plan and the footings and hydro will be undertaken next week was received.

By-law 81-13, being a by-law to confirm the proceedings of council at its meeting held on the 14th day of March, was read a first time and considered to be read a second and third time and passed.

Ontario Municipal Board - a notice of approval of By-law 78-43 (Township Comprehensive Zoning By-law) on March 5, 1981 has been received. The details of the OMB decision are on file in the township office and basically state that by-law was approved as submitted with the exception of uses permitted on one piece of property zoned Tourist Commercial in the Cavendish area, Lot 11, Plan 3.

A special council meeting was held March 21, to discuss the tenders for the firehall in Cavendish and the 1981 proposed budget.

The minutes of the March

14, 1981 council meeting were deferred until the next regular meeting.

The clerk was authorized to request tenders for the supply and installation of plumbing requirements in the Galway Cavendish Firehall #2 on highway 507, Lot 16, Concession 4, Cavendish Township as per specifications from the following: Teasdale Electric Ltd. - Peterborough, Guy Weeks Jr. - Toronto, Keith Miller - Buckhorn, Stoughton Electric Ltd. - Box 30, Gooderham, Woodrow Junkin - R.R. #1, Buckhorn, Jones Electric Ltd. - Peterborough. Closing date for all tenders is April 11, 1981 at 10:00 a.m.

The clerk was authorized to request tenders for the sup-

ply and installation of electrical requirements in the Galway Cavendish Firehall #2 on highway 507, Lot 16, Concession 4, Cavendish Township as per specifications from the following: Teasdale Electric Ltd. - Peterborough, Guy Weeks Jr. - Toronto, Keith Miller - Buckhorn, Stoughton Electric Ltd. - Box 30, Gooderham, Woodrow Junkin - R.R. #1, Buckhorn, Jones Electric Ltd. - Peterborough. Closing date for all tenders is April 11, 1981 at 10:00 a.m.

Council went into Committee of the Whole to discuss the proposed 1981 general budget for the townships.

The council meeting reconvened. The meeting then adjourned.

Pee Wees lose semi-final

from page 10
just outside the goal crease was the Haliburton team's nemesis.

Ennismore still had the power play with one Haliburton player still in the box but McLean saved the team from suffering another blow.

Even though it looked like the Haliburton team had shown its hand the players didn't stop as they made a

strong push towards Ennismore's end, but the goalie stopped the play before a score could be made.

The Haliburton boys kept playing to the last minute but they couldn't put another marker on their side of the board.

The team deserves congratulations for their achievement during the hockey season.

Students find suitable jobs

from page 3
most of the 22 Ontario community colleges.

Of the 275 people trained through the OCAP program at Sir Sandford Fleming College 19 per cent found employment in the manufacturing sector (compared to the provincial average of 17 per cent); 27 per cent in trades (compared to 23 per cent across the province); and 32 per cent were employed in the service sector (compared to 40 per cent overall in Ontario).

The guidelines established by the ministry recommended that priority be given to manufacturing and trade skills training in 1980-81. Sir Sandford Fleming College surpassed the provincial average in both these areas.

Analyses of the classifications of jobs held by OCAP trainees indicate that 31 per cent of Sir Sandford Fleming trainees held clerical jobs (provincial average: 34 per cent); 12 per cent found

employment in sales (provincial average: nine per cent); 10 per cent held service positions (the provincial average was 11 per cent); and 30 per cent held jobs in processing, machining, production, fabrication, assembly,

and repairs (provincial average was 24 per cent).

Sir Sandford Fleming was one of the few colleges to reach the provincial objective of 30 per cent trainee jobs classified in the processing and machining occupations.

The minutes of the March

389(d) of the Municipal Act.

By-law 81-22, a by-law to provide certain benefits for all members of council; By-law 81-23, a by-law to amend By-law 14-67 as amended, and By-law 1-81 of the Minden Water Board, a by-law to amend the water consumption rates, remove the discount for prompt payment and apply a penalty for late payment, were passed.

Council donated the use of the arena auditorium for a benefit dance to raise funds for the Jim Todd family, on March 28, 1981.
